Revenue Data trends

Sales tax - The following graph details the sales tax revenues based on the “liability month” (month the sales occur in). The Village receives these revenues in the third month following the point of sale. For example, the January 2020 sales tax paid on purchases was received by the Village in April 2020.

- Sales tax revenue for the month was \$32,241 greater than last year.
- For the fiscal year, sales tax receipts are 2.8% ahead of last fiscal year collections.

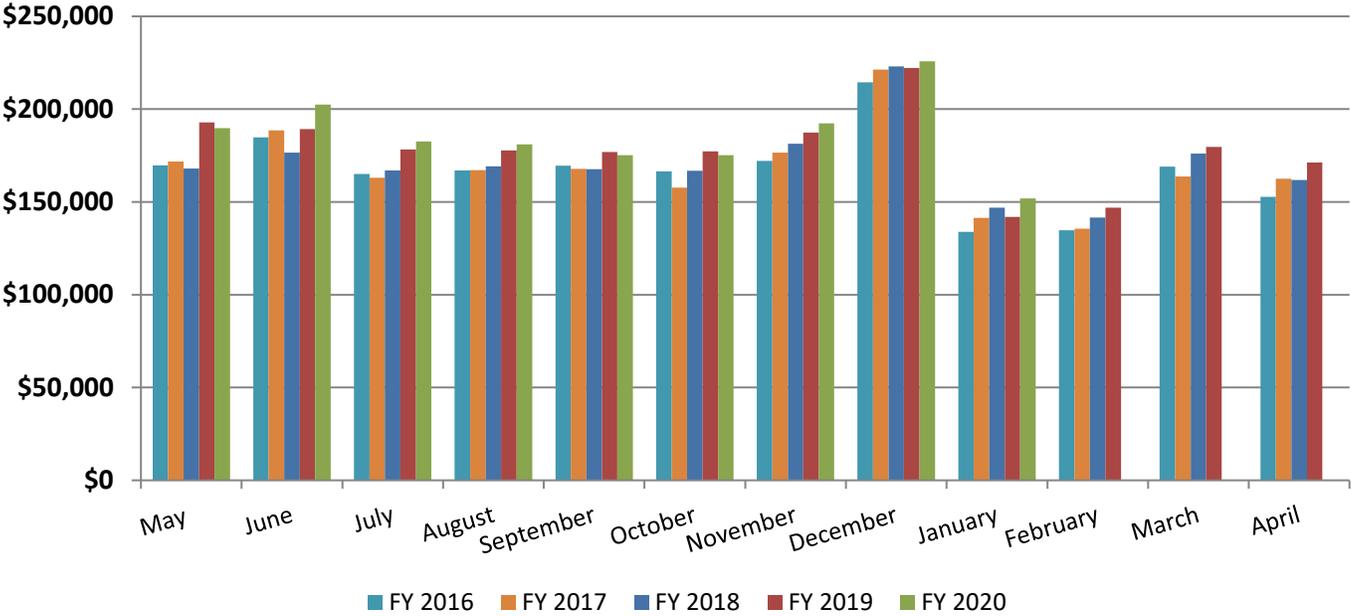

A comparison of sales tax revenue fiscal year to date for the previous ten years depicts an annual increasing trend. Sales tax revenue has been increasing year over year due to the increase in population and good local economy with residents and non residents spending within the community.

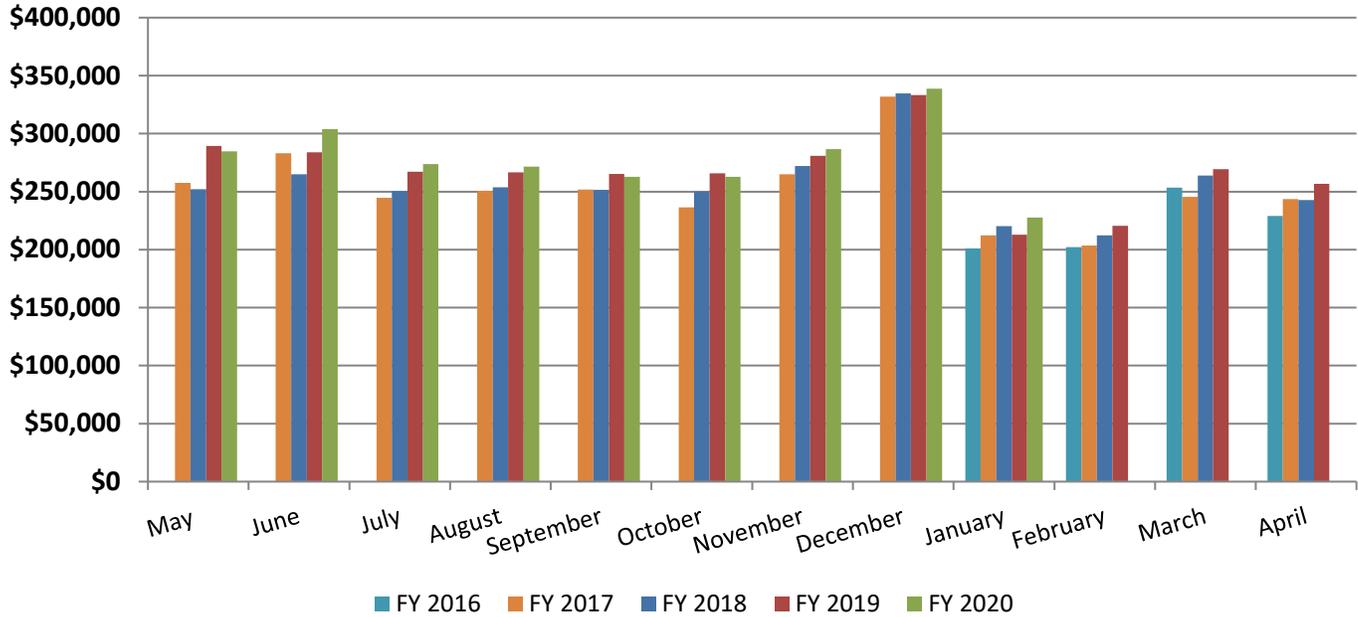

Local Home Rule Sales Tax

Year to date receipts are 6.9% or \$24,740 greater than last year. The following two charts display the half percent home rule sales tax allocated to the General Fund and the three quarters percent allocated to the Capital Improvement Fund.

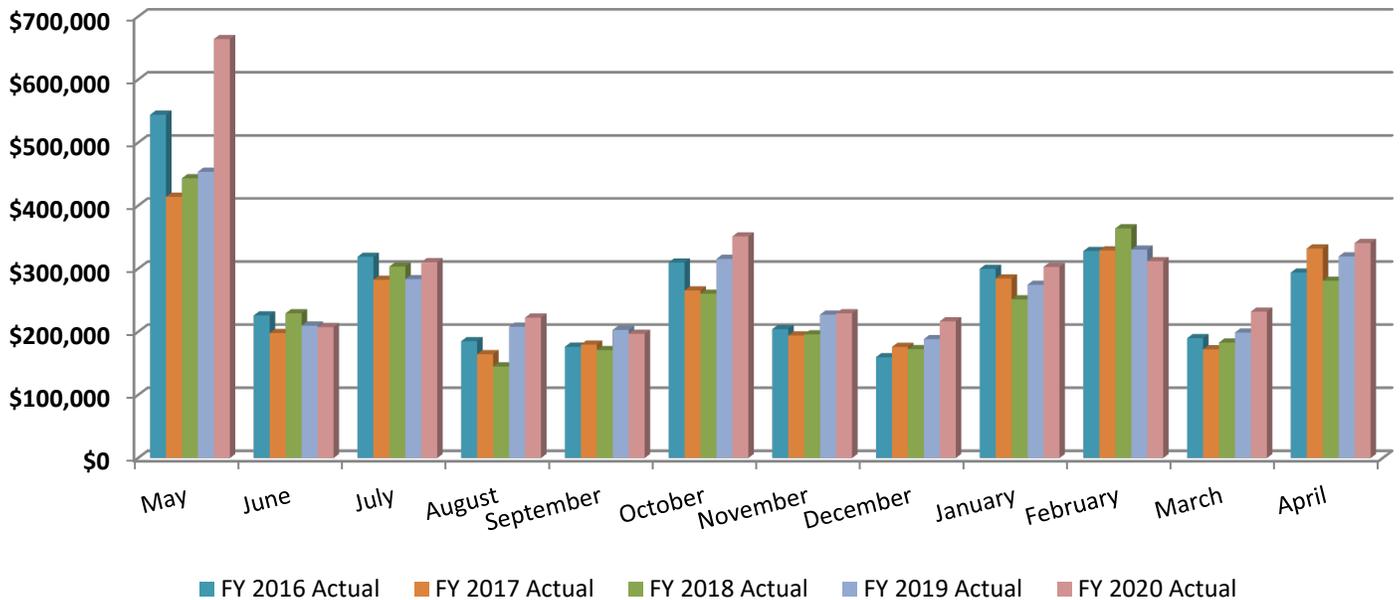

General Fund

Capital Improvement Fund

Income Tax - The following chart compares fiscal year 2016, 2017, 2018 and 2019 actual income tax receipts compared to actual receipts for FY 2020 received to date. Monthly receipts show May's receipt was greater than last year by a wide margin. The effects of more tax being paid because of the Federal Tax Reform Act is the reason for the huge jump in revenue. June and September receipts were lower than the prior year with all other month's receipts being greater than last year except for February. Total receipts are greater than last year by 12% or \$373,627.

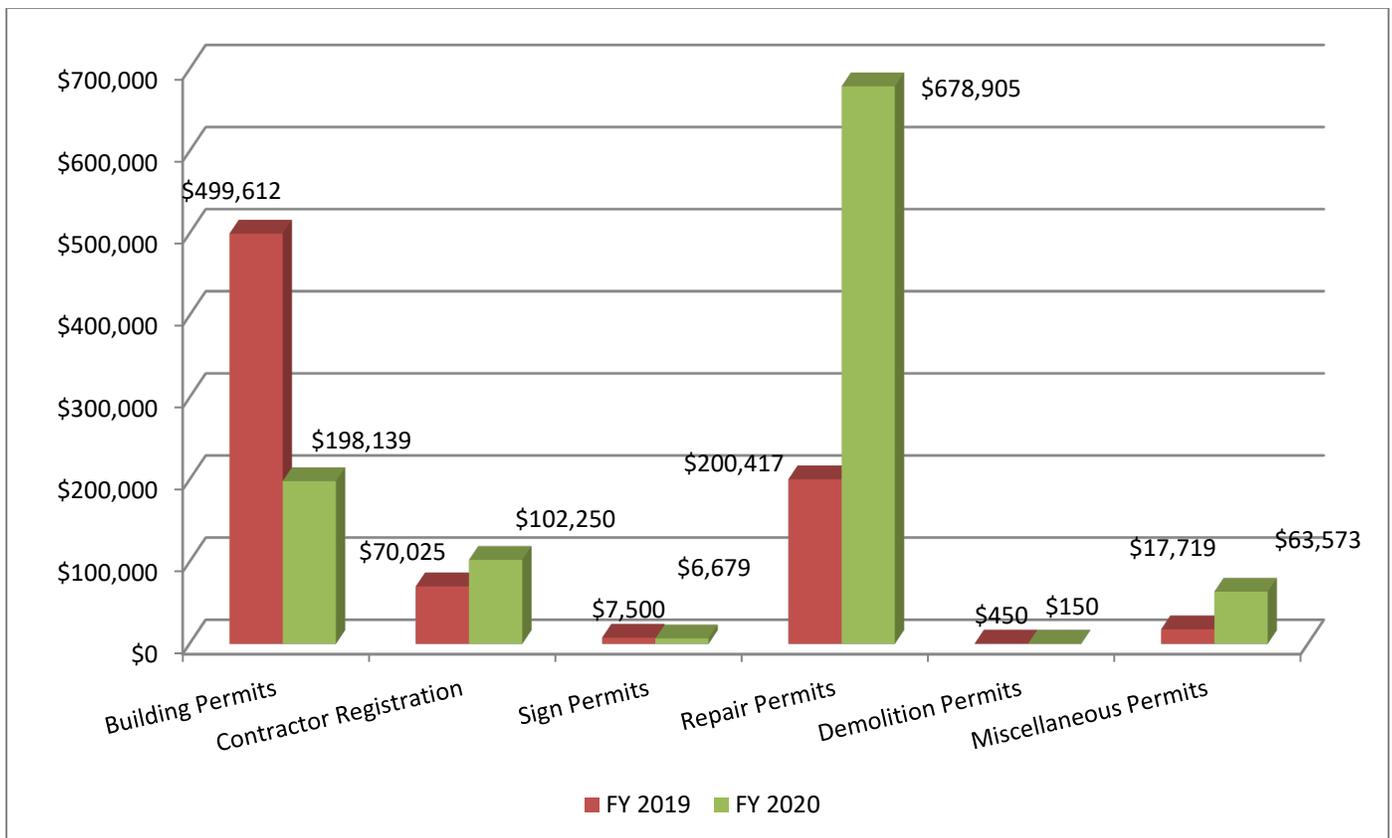

Utility Tax - The Village collects utility taxes on the “use” of three utilities: natural gas, electricity and telecommunications. The rates for each tax are: 3% of gross receipts for natural gas, 6.0% of gross charges for telecommunications, and a tiered kilowatt-hour use rate for electricity equivalent to 3.0% of gross charges. Included in the Miscellaneous Schedules section in this report are spreadsheets for the Telecommunications Tax, Tax on Electricity and the Tax on Natural Gas detailing historical monthly receipts and the latest amounts received.

- Telecommunications tax receipts continue to decline year over year. Fiscal year to date revenue is \$34,952 lower than last year.
- Tax receipts on electricity are \$12,376 lower than last fiscal year.
- Utility tax receipts on natural gas are 3.3% or \$6,319 less than last year.
- Use tax receipts on natural gas are only \$4,290 lower than last year.

Permit Fees – Building permit related fees are \$336,849 greater than last year. Building permits are \$301,473 lower than last year, contractor registrations are \$32,225 greater and repair permits are \$478,488 greater than last year. The chart which follows shows the largest area of permits are from the repair permits due to weather related issues.

General Fund Department Expenditures

Expenditures are categorized for comparison purposes. The timing of actual expenditures by departments varies from year to year causing some categories to exceed the benchmark in any given month. A few departments in total have exceeded 100% of budget this fiscal year while some others have spent just below 100% of their budgets.

- **Corporate**; department is at 95% of budget with Salaries, Contractual services and Other services categories spending above 100% of budget due to contractual employee wages, increased utility tax rebates paid out this year, unemployment costs greater than anticipated and non-budgeted FEMA expenditures.
- **Community relations**: department is at 77% of budget with Salaries above 100% and other categories far below 100% of budget. Advertising costs were \$23,000 under budget and Community relations costs were \$15,000 under budget.
- **Building & permitting**; department is at 98% of budget. Salaries is greater than 100% of budget with all other categories under budget.
- **Development services**: department is at 95% of budget with only Salaries exceeding 100% of budget.
- **Economic development**: department is at 97% of budget with employee Insurance benefits greater than budget due to health insurance costs incurred which were not anticipated.
- **Finance department**: department is at 105% of budget. Salaries are above 100% of budget as is Insurance & Benefits due to normal wage adjustments and employees joining the insurance plan. Professional services are at 126% of budget due to payroll time keeping monthly charges incurred which were not budgeted because of a delay in implementation of the new payroll time keeping system. Operating supplies is at 132% of budget because of an expenditure recorded for an unbudgeted item.
- **Information technology**: department is at 102% of budget. Salaries and Insurance & benefits costs exceeded budget because of an employee promotion and hiring of another employee late in the fiscal year. Contractual services are greater than 100% of budget due to increased software licensing and new products purchased during the year. Other services are at 114% due to printing costs charges incurred this year.
- **Police department**: department is at 100% of the budget. Salaries was the only category exceeding the budget from increased overtime incurred.
- **Public Works**: department is at 100% of budget. Contractual services are the only expenditure category which was greater than the budget. Snow removal costs, street maintenance, traffic control repairs and vehicle maintenance costs all contributed to the overage.

The pages following this summary will provide a view of each Fund's compiled revenue and expenditure activity for the reporting month, as well as fiscal year-to-date activity, and the Funds' performance as compared to the total budget of each Fund.
