- % of budget is n/a for non-budgeted funds

The TIF Fund has a year to date shortfall due to construction projects underway. Funding will be transferred from other Funds to offset all the expenditures. The Water & Sewer Capital Fund generally accumulates funding for projects over several years to support the expenses in the Fund as they occur so a shortfall is normal year over year.

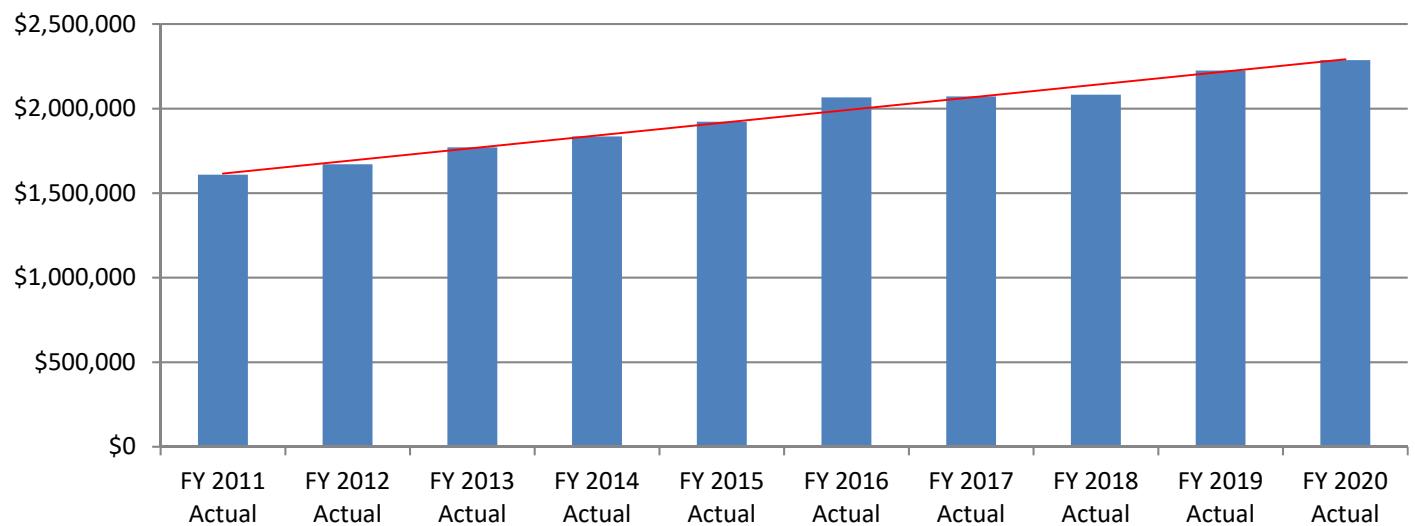

#### **Revenue Data trends**

**Sales tax** - The following graph details the sales tax revenues based on the “liability month” (month the sales occur in). The Village receives these revenues in the third month following the point of sale. For example, the August 2019 sales tax paid on purchases was received by the Village in November 2019.

- Sales tax revenue for the month was \$18,416 greater than last year.
- For the fiscal year, sales tax receipts are 2.8% ahead of last fiscal year collections.

A comparison of sales tax revenue fiscal year to date for the previous ten years depicts an annual increasing trend. Sales tax revenue has been increasing year over year due to the increase in population and good local economy with residents and non residents spending within the community.

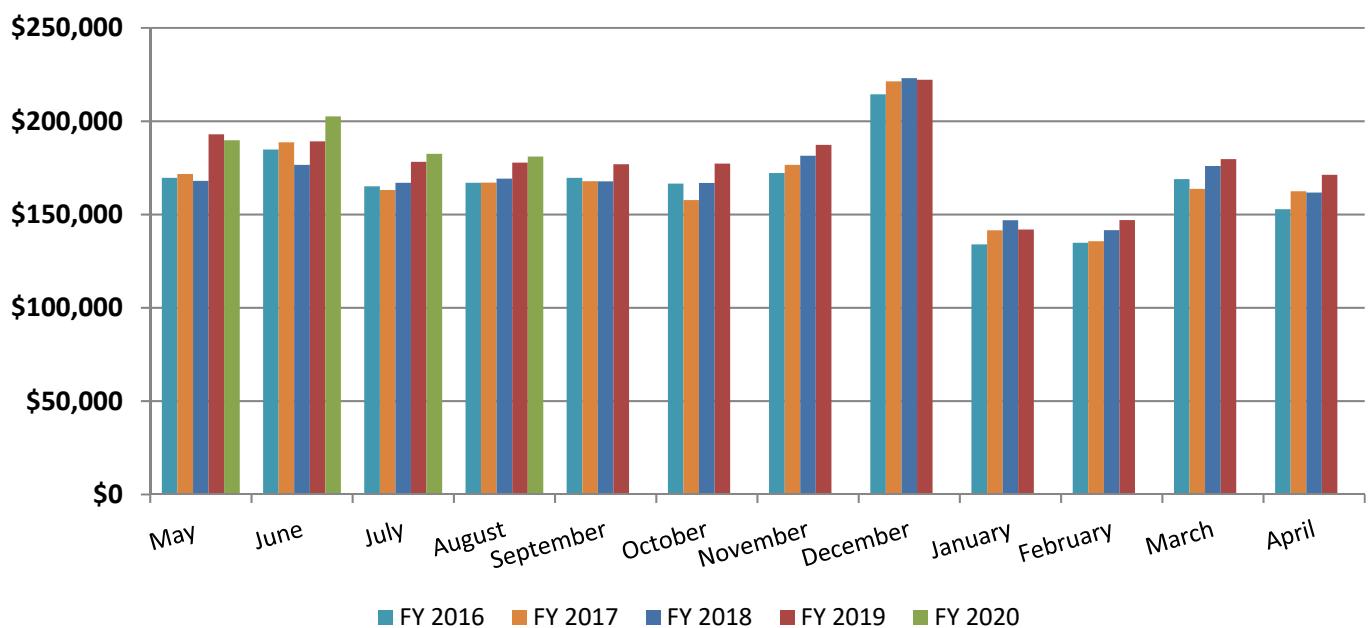

## Sales Tax Fiscal Year to Date

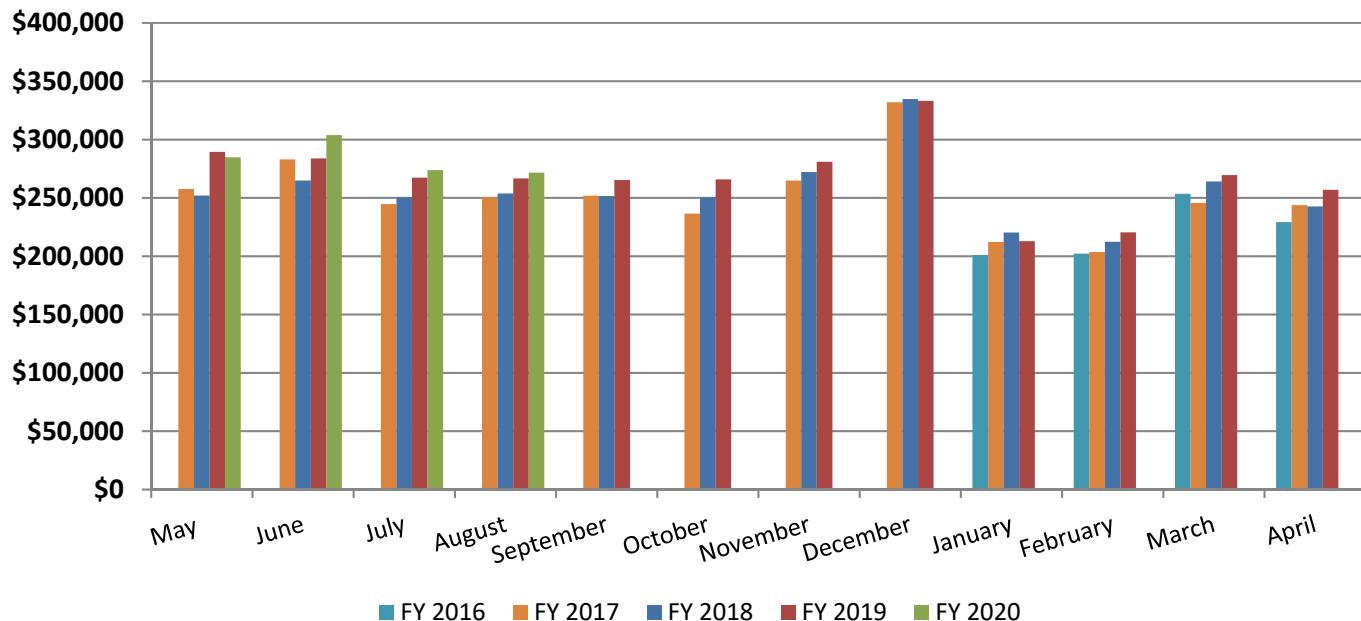

### Local Home Rule Sales Tax

Year to date receipts are 2.5% or \$45,514 greater than last year. The following two charts display the half percent home rule sales tax allocated to the General Fund and the three quarters percent allocated to the Capital Improvement Fund.

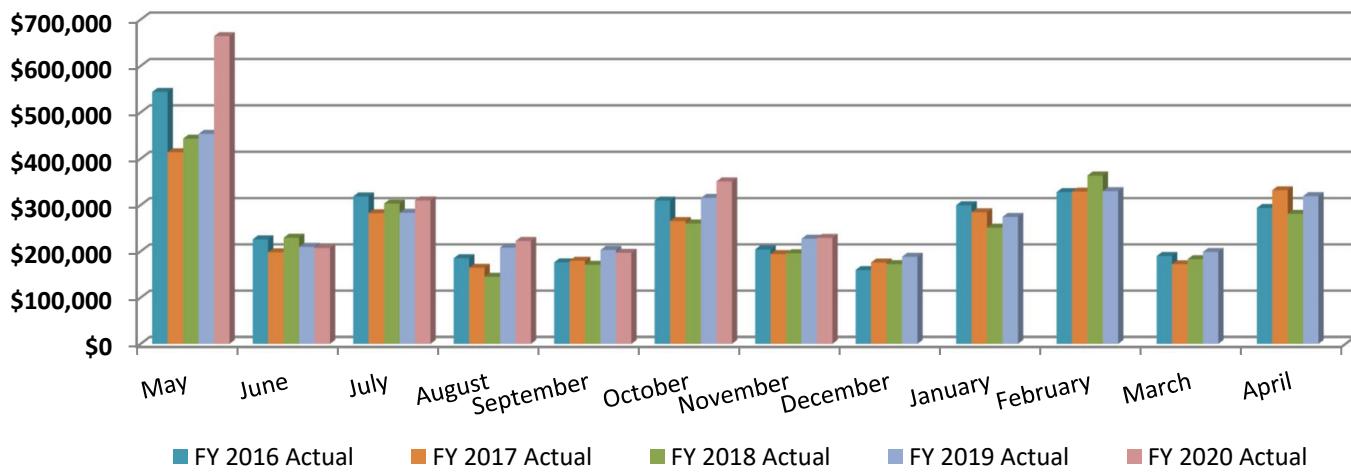

### General Fund

## Capital Improvement Fund

**Income Tax** - The following chart compares fiscal year 2016, 2017, 2018 and 2019 actual income tax receipts compared to actual receipts for FY 2020 received to date. Monthly receipts show May's receipt was greater than last year by a wide margin. The effects of more tax being paid because of the Federal Tax Reform Act is the reason for the huge jump in revenue. Since May, it has been a roller coaster month over month as two out of seven months receipts are less than last year with five months receipts greater than last year. Total receipts are greater than last year by 15% or \$281,066.

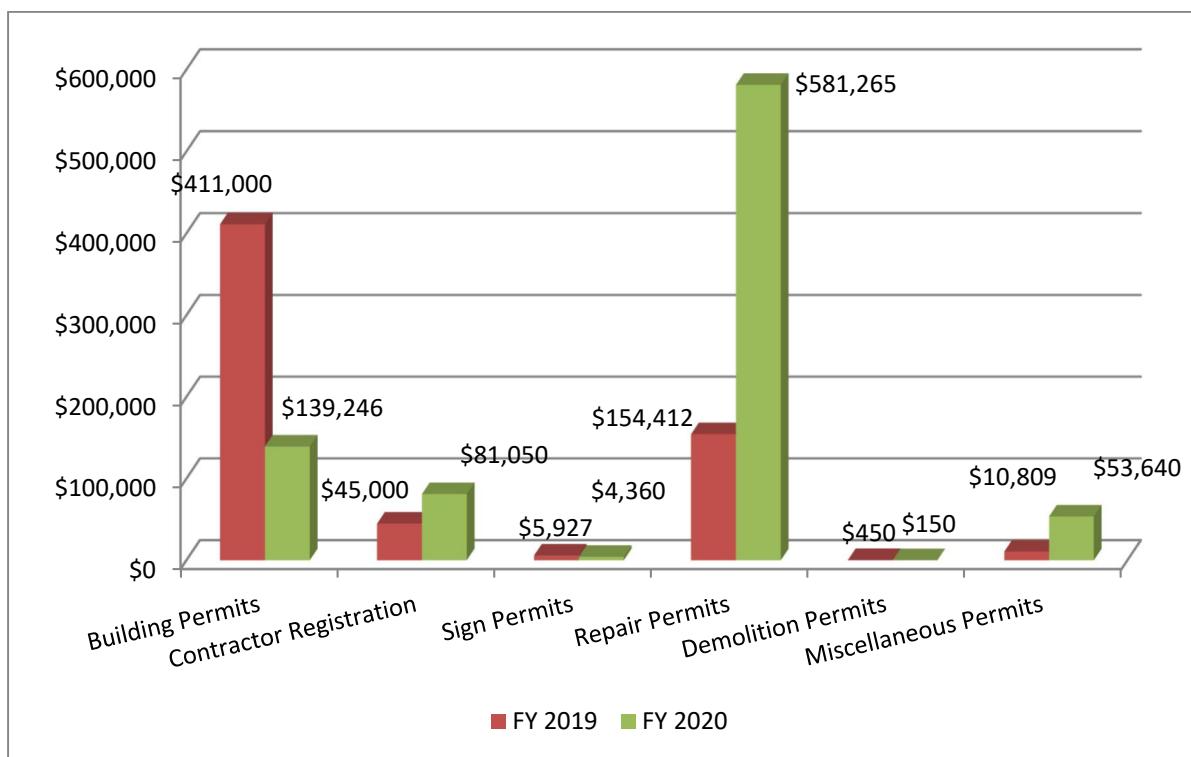

**Utility Tax** - The Village collects utility taxes on the "use" of three utilities; natural gas, electricity and telecommunications. The rates for each tax are: 3% of gross receipts for natural gas, 6.0% of gross charges for telecommunications, and a tiered kilowatt-hour use rate for electricity equivalent to 3.0% of gross charges. Included in the Miscellaneous Schedules section in this report are spreadsheets for the Telecommunications Tax,

Tax on Electricity and the Tax on Natural Gas detailing historical monthly receipts and the latest amounts received.

- Telecommunications tax receipts continue to decline year over year. Fiscal year to date revenue is \$40,945 lower than last year.
- Tax receipts on electricity are \$2,278 lower than last fiscal year.
- Utility tax receipts on natural gas are 9% more compared to last year.
- Use tax receipts on natural gas are 8% more compared to last year.

**Permit Fees** – Building permit related fees are \$232,000 greater than last year. Building permits are \$271,754 lower than last year, contractor registrations are \$36,050 greater and repair permits are \$426,853 greater than last year. The chart which follows shows new construction is still underway with a jump in repair permits due to weather related issues.

**Permit Fee Collections for FY 2019 & FY 2020**

### **General Fund Department Expenditures**

Expenditures are categorized for comparison purposes. The timing of actual expenditures by departments varies from year to year causing some categories to exceed the benchmark in any given month. Most departments in total are higher than the benchmark due to three payrolls in May and some expenditures required to be paid in full early in the fiscal year.
