Prepared by the Finance Department

Village of Oswego
Monthly Financial Report
For the Period Ending June 30, 2015

The monthly financial report serves to inform the readers of the Village's financial status based on the transactions recorded for the current fiscal year; May through the reporting month. The report is designed to provide the reader with a broad view of the financial picture of the Village allowing for patterns and trends to be identified. The monthly revenues and expenditures are compared to a benchmark calculated from the total budgeted revenues and expenditures spread evenly across twelve months of the fiscal year. The benchmark of 16.7% is used for the first two months of the Fiscal Year.

The first quarter of the fiscal year always has expenditures less than budget due to a majority of disbursements charged to the previous fiscal year because the services or goods were received or completed then. Revenues become the main focus in the first quarter to note any large variances with previous years. Total revenues for all Funds are at 17% of budget fiscal year to date compared to total expenditures at 13%. All Funds have revenues exceeding expenditures. Yearend accruals have not yet been completed and there will be expenditures charged to last fiscal year up through July, 2015.

Data trends

Sales tax - The graph details the sales tax revenues based on the “liability month” (month the sales occur in). The Village receives these revenues in the third month following the point of sale. For example, the March 2015 sales tax on sales made in March were received by the Village in June, 2015.

- Sales tax revenue for the month was 3% greater than last year.
- As the chart shows, sales tax receipts are greater than prior years but were following the same monthly year over year trend until August and September which showed increased growth. October sales then decreased but since November the revenue source is showing increasing trends.

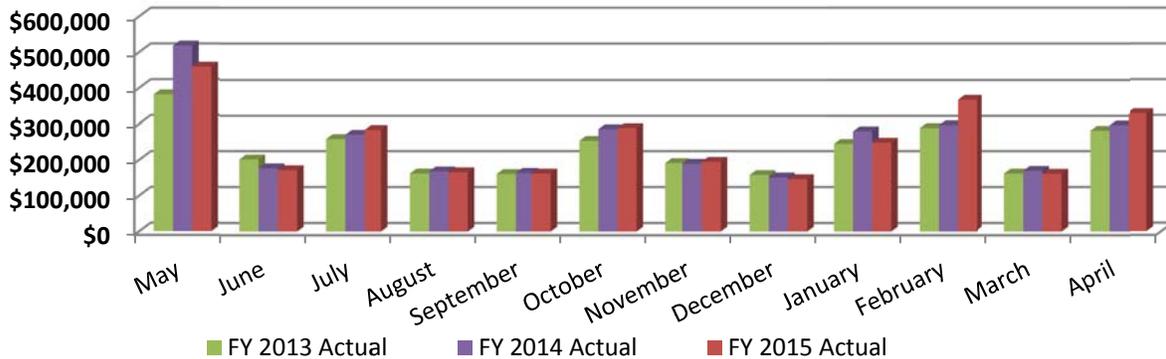

Local Home Rule Sales Tax – This revenue source has been increasing over the previous year on average at a 4% rate.

The positive trend continues for this revenue source. Each month the year over year comparison is a positive percentage.

Income Tax - The following chart compares fiscal year 2013 and 2014 actual income tax receipts with the actual/vouchered fiscal year 2015 monthly receipts known to date.

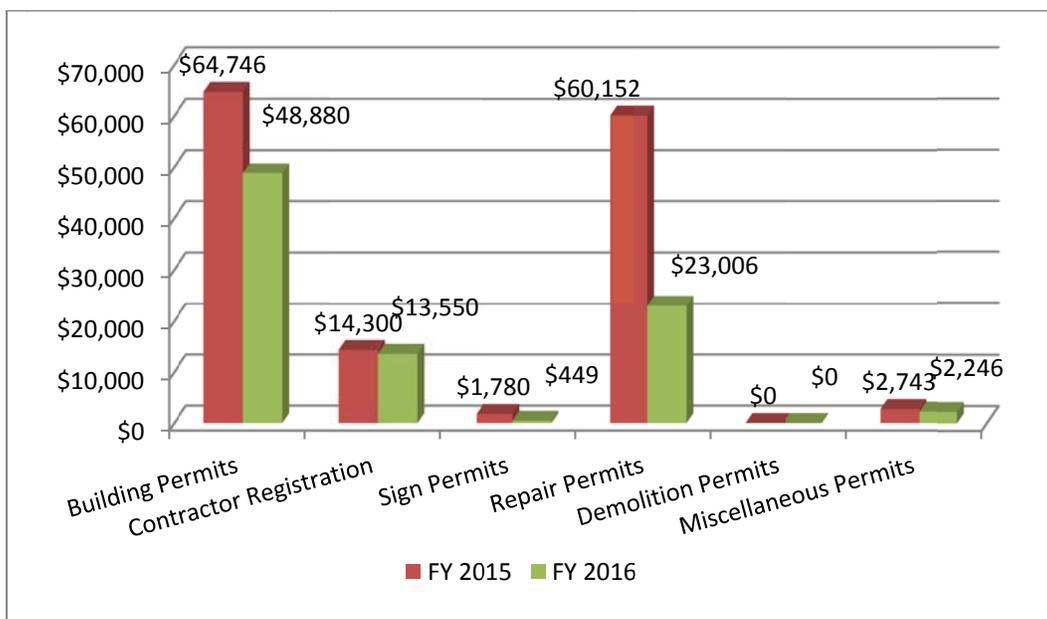

- Revenue received for the fiscal year has been vacillating monthly below or above the amounts received last year. Income tax revenue will be greater than budget for the last fiscal year when the last month's revenue is received.

Utility Tax - The Village collects utility taxes on the “use” of three utilities; natural gas, electricity and telecommunications. The rates for each tax are: 3% of gross receipts for natural gas, 6.0% of gross charges for telecommunications, and a tiered kilowatt-hour use rate for electricity equivalent to 3.0% of gross charges. Included in the Miscellaneous Schedules section in this report are spreadsheets for the Telecommunications Tax, Tax on Electricity and the Tax on Natural Gas detailing historical monthly receipts and the latest amounts received.

- Telecommunications tax receipts continue to decline on an annual basis. March revenue is 5% less than last year.
- Tax receipts on electricity were 1% greater compared to last fiscal year.
- Utility tax receipts on natural gas are less by 56% compared to the same period last year.
- Use tax receipts on natural gas are down 25% compared to the same period last year.

Permit Fees – Building permit related fees are \$56,000 less than last year totals to date.

Permit Fee Collections for FY 2015 & FY 2016

Building permits are \$16,000 less than last year, contractor registration is less by \$750 and repair permits are less than last year by \$37,000.
