

The Oswego Police Department 2009 Annual Report

“Preserving the Past, Protecting the Future”

About the Report.....

The following annual report consists of a summary of activities for calendar year 2009. This will include manpower allocation, resource allocation, criminal reports, traffic reports, education, training, and enforcement efforts. This report contains the efforts of the Oswego Police Department and offers an explanation of the resources used by the Village.

“I would like to thank Captain Jensen, Captain Plock and Captain Sikora for their input and work on this report. I would especially like to thank my Executive Assistant Denise Lee for her editing and formatting of this report. Without their efforts this report would not be possible”

Letter from the Chief

I submit for your review the Annual Report for 2009. The 2009 year presented its challenges to the staff of the Oswego Police Department and I am proud to say that we rose to the challenge and still provided quality law enforcement service and maintained a safe community for residents and our visitors.

We started out the fiscal year with an approved budget of \$7,005,520.00 and we projected the end of the budget year at \$6,408,349.00. We were able to accomplish that savings while at the same time seeing our crime rate drop by 21%. This drop in crime rate can partially be attributed to the partnerships developed between the Oswego Police Department, residents and businesses. Working together we are able to maximize our resources to reduce crime.

In 2009 our staff was reduced by 8%, hours worked by 4.5% and our overtime decreased by 7.1%. While having a reduced crime rate, we also maintained over 120 hours on average per department member for training. Our calls for service decreased by 3% and our Citizens Police Academy Alumni logged over 950 hours of service to the community, all in an effort to maintain a safe community.

Also, outlined in this report you will see there was approximately an 11% reduction in accidents, traffic stops were down by 7% and ordinance violations were up by 66%. Part of this increase is due in part to the start of the administrative adjudication process beginning in 2009, as now some traffic citations can be done through the Village's adjudication process. Administrative adjudication is now in full swing and takes place once a month at Village Hall. The Explorer Post 3525 was also created this last year for the Oswego Police Department.

The 66 men and women of the Oswego Police Department are extremely dedicated to providing the best possible service to the residents and to maintain a safe community for people to raise and enjoy their family activities.

Respectfully submitted,

*Dwight A. Baird
Chief of Police*

Our Mission.....

Our Mission Statement

The Oswego Police Department is committed to enhancing the quality of life by ensuring the safety of the community through the protection of life, liberty and property. We will continue to foster cooperation by building diverse partnerships and serving the community with integrity, professionalism and compassion.

Our Values . . .

The Oswego Police Department subscribes to the following values in order to successfully fulfill its mission.

We recognize that the people in the community are our most important customers.

We show empathy and compassion for the victims of crime.

We enforce the law with dignity, respect and fairness without regard to race, ethnicity, gender or economic status.

We exercise integrity in the use of the power and authority that have been given to us by the people.

We believe that each employee of the department should exercise leadership in his or her area of responsibility, ensuring our values become part of our day-to-day duties.

We can best serve the community by empowering our employees to fulfill their responsibilities with professionalism, knowledge, authority and discretion.

Departmental Purpose

Preserve the public peace, prevent crime, detect and arrest offenders against the criminal laws and ordinances effective within the Village, suppress riots, mobs and insurrections, disperse unlawful or dangerous assemblages, protect the rights of all and preserve order at all elections and assemblages.

Administer and enforce laws and ordinances to regulate, direct, control and restrict the movement of vehicular and pedestrian traffic and the use of streets by vehicles and persons, and to adhere to rules and regulations which shall facilitate the lawful goals of the department.

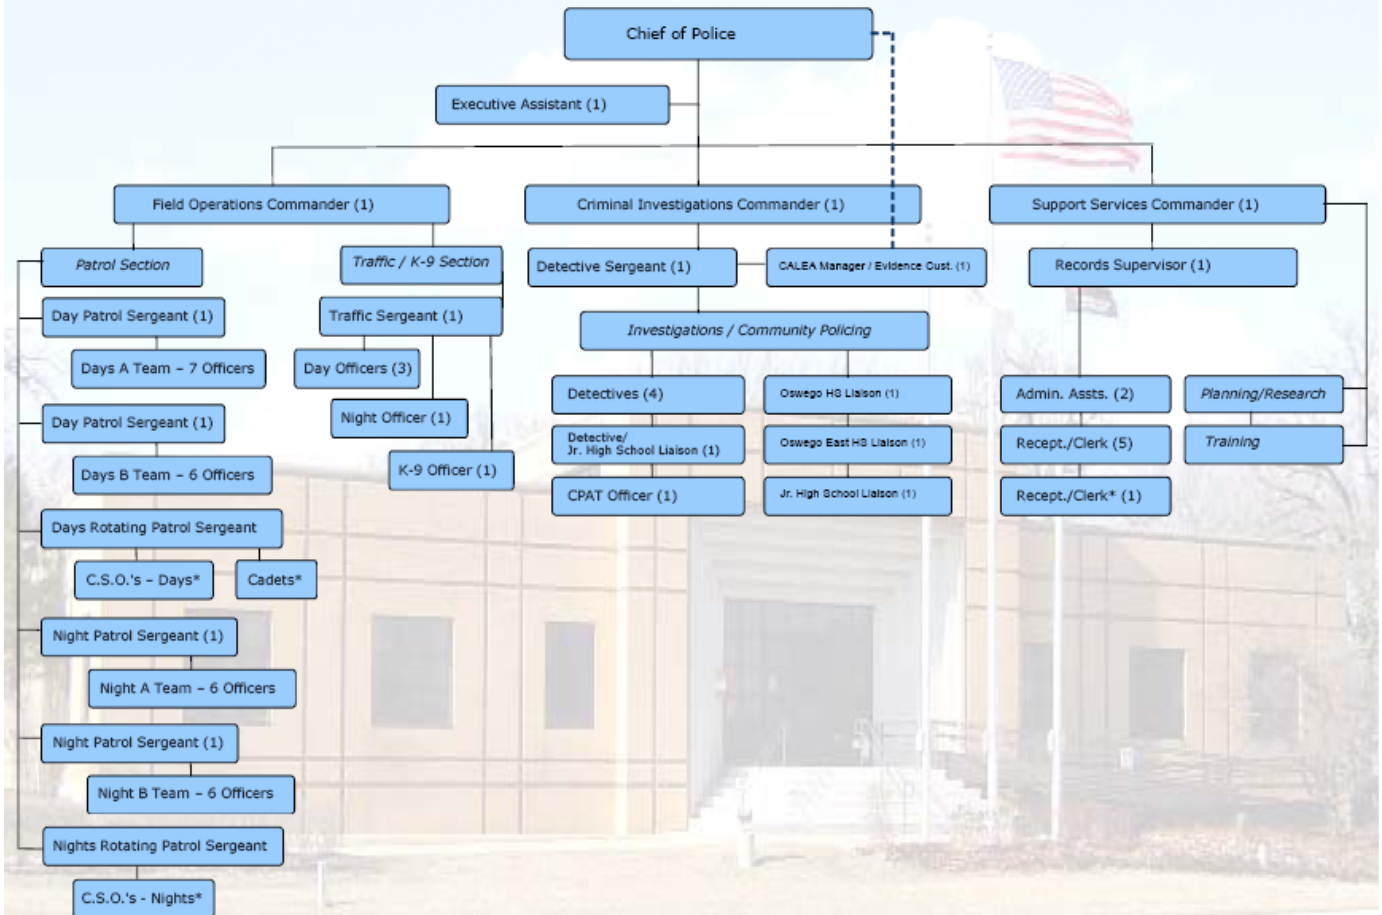

Remove all nuisances in public places, inspect and observe all places of public amusement or assemblage and all places of business within the Village limits which require any State, County or Municipal permit / license.

Provide for the attendance of Police Officers or civilian employees in court as necessary for the prosecution and trial of a person charged with crimes and other violations of the law, and cooperate fully with the law enforcement and prosecuting authorities of Federal, State, County and Municipal Governments.

Population/Personnel

The Oswego Police Department continues to review resource allocation in order to provide the best service possible with prudent spending. During 2009 a survey found the police department satisfaction to be very high. The survey was conducted by Western Illinois University found that 88.7% of respondents were satisfied with the police service provided. Previous surveys conducted in 2003 and 2006 found that 86.5% (WIU 2003), 85% (NIU 2005), 86.8% (2006 WIU) respondents were satisfied with the police service provided. The authorized sworn personnel strength is 49. According to the United States Department of Justice, a community our size should have 2.3 officers per 1,000 residents; based on that formula the police department should have 66 officers. We do have 7 part-time non-sworn personnel to offset some of the work load from the officers. The part-time personnel complete tasks and service calls that do not require a sworn officer.

Per Capita Comparisons

In an effort to provide a benchmark for expenditures, we surveyed communities our population size and a little larger, due to the fact that we are growing, and created the table below. We then took the overall budget and divided it by the population and the result is a cost per capita. As you can see in this comparison, we provide law enforcement services at a lower cost per capita. We also calculated an average for your review. Each community supplied us with the personnel, total budget and population.

| City / Village | Fulltime Personnel | Part-time Personnel | Total Budget | Population | Cost Per Capita |

Court Dispositions

The Oswego Police Department receives court disposition money from the Circuit Clerk for fines assessed by the court for traffic citations, arrests and restitution. Approximately 38.5%, or \$28.82 of the \$75.00 fine from every traffic citation, is received from the Circuit Clerk along with a percentage for traffic school and DUI arrests.

Fines & Fees

The Oswego Police Department receives fines for ordinance violations and collects fees for document processing and fingerprinting. Document processing includes accident reports, Freedom of Information requests, and subpoena compliance. In 2009 we also added Administrative Booking Fees and Administrative Towing to this category. We provide fingerprint service to our residents, the Oswegoland Park District and businesses for employment background checks and criminal history reference checks.

Reimbursements

Our officers work extra-duty security and traffic control assignments that we invoice monthly for reimbursement. A large portion of these reimbursements are from grants, which we have been awarded. Extra-duty assignments consist of pre-negotiated events that continue from month-to-month. Other events are assigned and billed based on the one-time need or special event permit.

“I have learned from experience that the greater part of our happiness or misery depends on our dispositions and not on our circumstances.”

Definitions of Dispositions

Exonerated: The act(s) alleged did occur, but the act(s) are justified, lawful and proper.

Misconduct Not Based on Original Complaint:

The investigation revealed that the acts of misconduct that occurred were not contained or alleged in the original complaint.

Not Sustained:

The investigation failed to discover sufficient evidence to clearly prove or disprove the allegations made in the complaint.

Policy Failure:

The investigation revealed the alleged acts did occur; however the member was acting in accordance with Department policy.

Sustained:

The investigation disclosed there is sufficient evidence to clearly prove the allegations made in the complaint.

Unfounded:

The investigation indicates the act(s) alleged did not occur or that it failed to involve members of the Department.

Support Services Division

The Support Services Staff has worked hard to keep our reports, statistics and files up to date. We completed cross training our clerks to allow for common tasks to be addressed by all staff on a daily basis. As our Village took on additional means of localizing ordinance enforcement through the implementation of Administrative Adjudication this placed additional responsibilities on our division's staff to administer these records for our department. We also provide some of the staff required at the monthly hearing dates and process our records for those. We have managed to complete these tasks with reduced staffing due to budgetary cuts.

We began 2009 focusing on a few key goals. We re-assigned a few specific functions to our two Administrative Assistants to better suit their abilities and the needs of our department, with the staffing reductions however they also continue to provide back up to our clerks for report entries when needed. We have developed and will now maintain a training file for our OCPAAA members who have begun attending some training sessions to receive instruction in some areas that they will be able to supplement police staffing in certain situations. We also continue operating our lobby 24 hours a day and seven days week.

During 2008 we began building the data base for our new police reporting software, although originally planned to be implemented in early 2009 this was delayed by technical and software issues until August of 2009. This was a huge undertaking and our staff rose to the challenge and completed this project. The overall project was a cooperative effort with the Kendall County Sheriff's Office and the Yorkville Police Department. This project now allows the Oswego Police Department to share the Law Enforcement data base with both Kendall County Sheriff's Office and the Yorkville Police Department.

Hours Worked

The Patrol Officers continue to work 12-hour shifts maximizing the number of officers on the street and providing us with the best police presence 24-hours a day seven days a week. As seen in the table below our total hours worked decreased to 120,277.75 and we worked 5,062.00 hours of overtime. The total reimbursed overtime hours for 2009 was 2,651 hours or approximately \$120,000.00 dollars. Overall our reduced hours can be associated with the reduced staffing on the department.

The table below represents the total number of personnel, hours worked, comp time earned and overtime along with a comparison to the previous six years.

Training & Educational Achievements

In 2009 members of the Oswego Police Department participated in 6,134 hours of training. This represents an average of over 122 hours per member. Many of our officer's and civilian staff received specialized job specific training. As a department we received training in many different topics in which all or most of our members participated. These topics include: K-9 Overview, Firearms Training, Mental Health Protocol, ASP & OC Re-certification, PPCT & Defensive Tactics. We continue to certify all of our new employees in NIMS, LEADS, CPR & AED, and Juvenile Officer training.

All sworn members of our department participated in Defensive Tactics Training. This training is provided by our in-house instructors Officer Chris Biggs, Officer Drew Santa, Officer Ben Hackl and Officer Michael Barajas and is designed to keep our officers updated with control tactics, handcuffing and officer safety.

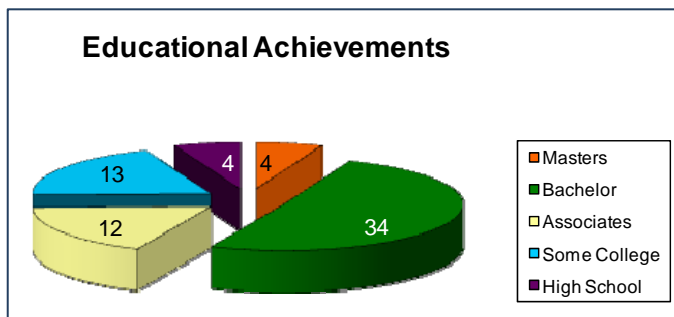

Firearms proficiency and tactics training was provided under the direction of our Master Firearms Instructors Sergeant Scott Shockley and Sergeant Mike Stark (prior to his retirement). The Illinois Law Enforcement Training and Standards Board mandates that all officers qualify once per year on an approved 30 round course of fire and must score with an accuracy level of 70% or greater.

The Oswego Police Department continues to qualify twice a year on a 50 round course of fire and strives for an accuracy level of 80%. The department Top Gun award went to Officer Ben Hackl with a score of 886 out of 900 possible.

The table below shows the number of training hours per month and is compared from 2005 through 2009.

| 2009 Training Hours | | | | | | | | | | | | | |

Our officers and civilian employees continue to seek education to enhance their skills and broaden their knowledge base. The Oswego Police Department has forged a partnership with Benedictine University to offer higher education to Fire Fighters and Law Enforcement in this area. Our employees are attending classes to build upon their present level of education.

We presently have four employees with Master's Degrees, thirty-one employees with a Bachelor Degree and twelve employees with an Associate's Degree.

In 2009 Sergeant Scott Shockley completed Northwestern University Police Staff & Command School.

Crime Rate Explanation

- Every year the Illinois State Police collect data from police departments throughout the State. The data they collect is on specific crimes and they are as follows: Murder, Criminal Sexual Assault, Robbery, Aggravated Assault and Battery, Burglary, Theft, Motor Vehicle Theft, and Arson. The eight crimes are considered serious crimes or Part 1 Crimes as defined by the International Association of Chiefs of Police Committee on Uniform Crime Reports. The total raw number of these aforementioned crimes is called the Total Crime Index.
- A formula was developed by the committee to provide a uniform crime rate based on each jurisdiction's population. The purpose of the formula is to compare all cities, towns, villages and states equally. This Crime Rate indicates the volume of crime occurring within a given population. It is defined as the total number of index crimes per 100,000 inhabitants and is calculated as follows:

FORMULA

$$\frac{\text{Crime Index} * 100,000}{\text{Jurisdiction Population}} = \text{Crime Rate}$$

Village of Oswego 2009

$$\frac{519 * 100,000}{29,012} = 1,788.9$$

- The following will provide an explanation to understand the crime rate figures. There is a short descriptive table outlining Part 1 Crimes and how they are grouped and what is considered for the crime rate calculations. Next, is a brief overview of the last 10 years of the projected population for the Village of Oswego and the crime rate as reported to the Illinois State Police.
- Also for your review, a list of Part 2 Crimes with a short description of what a Part 2 Crime is considered. To provide a more complete picture of reported crimes in the Village, we included these crimes in the report. Part 2 Crimes will also be referred to on other pages within this report.

* Census Data

There are several factors that affect crime. Some of these factors are economics, social issues and education. The Village of Oswego is a growing and thriving community that has tremendous involvement from its residents. The partnerships between the residents, schools, community groups and the Police Department affect the crime rate. This method of determining a crime rate for a community is only a small portion of all of the crimes. Therefore, relying on this method alone in determining a community's crime rate would be exclusionary of other factors.

Crimes & Calls for Service Summary

The following table is a breakdown of Part 1 and Part 2 Crimes and the Calls for Service that the Police Department received throughout 2009. Every time a citizen or resident requests the Police Department to respond to their home to take a police report or meet with an officer, a Call for Service number is generated. Calls for Service encompass a wide variety of activities that include some of the following:

911 Calls
Criminal Reports
Lock Outs
Traffic Stops
Ordinance Violations
Accidents

Assist other Police Departments
Assist Fire and E.M.S.
Child Safety Seat Installations
Warrant Arrests

Citizens Police Academy Alumni Association

The Oswego Citizens Police Academy Alumni Association (OCPAAA) is a group of dedicated individuals that have maintained an association with the Oswego Police Department after graduating from an Oswego Citizens Police Academy class. This group of citizen volunteers is made up completely of graduates of our previous academy classes and donates many hours of their time to assist our police department and the community in general. In calendar year 2009 alone these individuals volunteered over 955 hours of service time assisting the Oswego Police Department. This is an increase of more than 350 hours more than the group donated in 2008.

The OCPAAA provides assistance to the police department in numerous ways. They provide hundreds of hours of volunteer service time over the course of each year assisting at the numerous festivals held throughout town including PrairieFest, Christmas Walk, Art Fair, and others. In this capacity the member volunteers assist officers with traffic control and security patrol duties. OCPAAA members may be paired with an officer to assist in directing traffic or

will provide walking foot patrols as an "extra set of eyes and ears" on festival grounds. In this capacity the members will radio to an officer if any suspicious activity is seen and officers will respond to investigate the situations.

Members are also available to assist on an as needed/available basis to assist with traffic control at major accidents and any situation that may cause a traffic disruption. Again the members may provide traffic control or a traffic detour point to assist with a closed road situation. Members also provide many hours of assistance with administrative and maintenance tasks around the police department as well as with the Citizen Assisted Radar Patrols which was highlighted in the 2008 Annual Report. The past several years have seen the active members of this group increase and we hope to continue to attract back other graduates and add new members from future Citizens Police Academy classes to continue to increase the number of available volunteers.

In 2009 the OCPAAA expanded their duties to include assisting at the monthly Administrative Adjudication Hearings. While employees of the Village handle many of the tasks associated with the hearings the OCPAAA members assist with the check in of individuals and assisting to keep the flow of documents and foot traffic moving efficiently during the hearings. We currently utilize a few selected members of the association who received additional training and volunteer their time to assist with this process. Members also provide additional patrols around park and commercial parking lot areas and report suspicious activities to patrol officers who can then respond to investigate those situations.

To increase their knowledge and their ability to provide assistance to the community several members received more specialized training in 2009. Some of this included Ice Spotter, Severe Weather Spotter, and First Aid/AED certifications. Monthly meetings now also include some training topic related to the duties that the members assist the department with.

Field Operations Division

The Field Operations Division of the Oswego Police Department is staffed with both sworn and non sworn personnel. In 2009 the sworn staff of the division was 43 strong with the non-sworn staff at 7. The activities and duties include but are not limited to: general patrol, crime prevention, directed patrols, traffic enforcement, community service functions and preliminary criminal investigations. The success of our department is a combined effort of all employees. We remain committed to the highest standards of service and to enhancing the quality of life by ensuring the safety of our residents.

The 2009 divisional goals of the Field Operations Division focused primarily on service through increased communication and education with our citizens and crime specific/prevention details based on a specific and identified crime trend. To assist us in meeting these goals each officer was assigned a specific subdivision and/or business district. Communication with the association leaders and business representatives was crucial to the success of this program and in obtaining the necessary information to deal with and solve problems. Listed below are the specific goals of the division and an explanation as to the success of those goals.

GOAL #1: Promote traffic safety through enforcement and education.

Educational Efforts: In 2009, our department's educational efforts with respect to traffic safety have been outstanding. Partnerships with area businesses have been developed in order to utilize their marquee to provide traffic safety messages. Several traffic safety articles have been written for the Village's Newsletter and press releases have been provided in order to educate our motoring public about specific traffic related issues. Traffic Safety messages have also been included on the Village's water bills. When specific subdivision problems have been identified, flyers have been disseminated, alerting residents of problems and our enforcement efforts created to address their concern. Additionally, members of the Traffic Unit have completed several traffic safety presentations to various groups which include: all driver education students (OHS & OEHS), students at the Kendall County Opportunity School, local Boy Scout Troops and Cub Scout packs and Home Owner Association groups. This year, our department has continued to utilize members from our CPAAA to assist us with our educational efforts. Violators of specific traffic offenses (i.e. speed, stop sign violations) that are identified by members of our CPAAA are mailed courtesy letters to inform them of the observed violation.

The investigation of traffic complaints is managed by the Traffic Unit. Sgt. Kipper reviews each complaint and develops a comprehensive plan to determine its validity. This plan may include: Illinois Vehicle Code review, traffic sign review utilizing the Manual of Uniform Traffic Control Devices, ordinance review, traffic studies, use of CPAAA members and if needed, enforcement efforts.

Enforcement Efforts: This year, increased enforcement has been a priority for each patrol team and the traffic unit. Our enforcement efforts include: saturation patrols, extra patrols, directed patrols, Click It or Ticket campaigns, IMaGE grant campaigns, DUI enforcement, partnership patrol efforts with area law enforcement agencies and Problem Oriented Policing efforts (i.e. stop sign and speeding violations with CPAAA). Each patrol team has developed monthly traffic enforcement goals, which include total traffic contacts, DUI enforcement, overweight enforcement and criminal arrests/vehicle seizures. The Traffic Unit has focused their efforts on specific goals to include seat belt enforcement, DUI enforcement and residential speed enforcement. Below is a comparison of traffic and crash data and enforcement functions for the 2008 and 2009 calendar years:

| TRAFFIC STOP DATA | 2008 | 2009 |
|-----------------------------------|--------|--------|
| Written Warnings | 13,215 | 10,738 |

| Saturation Patrol Details | 46 | 49 |
| Directed Patrol Details | 243 | 294 |

GOAL #2: Establish a communication network with the Home Owner Associations / Business Districts to reduce criminal activity. The objective of this goal was to establish a working network of communication between the assigned Officer and the Home Owner Associations / Business Districts. The original intent of this goal was to measure success on the quantity and quality of communication techniques with Village residents, the number of crime prevention activities performed within the community and the reduction of criminal reports, specifically retail thefts and burglary to motor vehicles.

Communication / Crime Prevention Techniques: Communication with Village residents and businesses is the key to crime prevention. Throughout this year we have focused our communication efforts on association meetings, foot patrols, business checks, email correspondence and neighborhood contacts. While contact has been made with all Home Owner Associations (HOA), not all of them host Association meetings. Officers have made it a point to keep in contact utilizing phone trees and email groups. Most neighborhood complaints focus on traffic related issues. Assigned Officers have taken each complaint and utilized the traffic unit to assist them in rectifying problems. Voluntary compliance through education and enforcement is our goal. We have also focused our crime prevention efforts on banks within the Village. Assigned HOA officers have presented security information to bank employees at nine different banks. Additional senior citizen presentations on scams, frauds and personal safety have also been conducted.

Statistical Comparisons: Upon comparing the total number of criminal reports from 2008 (2324) to 2009 (1876) we have seen a 19.3% decrease. Specific to retail thefts we have seen a 25.8% decrease in 2009 compared to 2008. In addition we have had a 33.1% decrease in the amount of burglary to motor vehicle reports in 2009 compared to 2008.

| | 2005 | 2006 | 2007 | 2008 | 2009 |
|----------------------------------|------|--------------|--------------|-------------|--------------|
| Retail Theft | 114 | 138 (+17.4%) | 167 (+17.4%) | 217 (+23%) | 161 (-25.8%) |
| Burglary to Motor Vehicle | 68 | 78 (+12.8%) | 134 (+41.7%) | 133 (-0.7%) | 89 (-33.1%) |

Field Operations Division

GOAL #3: Conduct crime specific / prevention details based on an identified need. The objective of this goal is to conduct crime specific details based on an identified crime problem and/or trend. This year we have focused on three crimes; retail theft, criminal damage to property (graffiti) and disorderly conduct. Traffic related details have also been conducted and are documented on goal #1.

Retail Theft: Retail theft has been a major problem for the Oswego Police Department over the past couple of years. Responding to these crimes takes a lot of time and resources; therefore we have focused our efforts on prevention. Our prevention efforts include: uniformed foot patrols, bicycle patrols, dummy squad placement, plain clothes theft details, smart trailer deployment, CPAAA patrols and investigative meetings with loss prevention. Upon conducting a review of the retail theft data for 2009 we have seen a 25.8% decrease in the total number of retail thefts compared to last year.

Retail thefts are not the only problem we have experienced in the business districts this year. Officers have conducted multiple surveillance details (marked, unmarked, bicycle & foot patrol) in the parking lots to help prevent burglary to motor vehicles. Our preventative efforts have led to a 33% decrease in the number of burglary to motor vehicles in retail establishments from 2008 (27) to 2009 (18).

Criminal Damage to Property (Graffiti): Over the years graffiti has sporadically occurred throughout the Village. During the first 7 months of 2009 we investigated 21 CDP reports involving graffiti. These crimes have not been specific to one area, they have occurred at multiple locations throughout the Village. Working with the Criminal Investigations Division an action plan was developed to include: plain/uniformed foot patrols, unmarked squad patrols, bicycle patrols, covert camera placement and overnight surveillance details. Three arrests were made along with a fourth subject identified however, prosecution was declined. No additional CDP reports for graffiti have been reported since July 31st.

Disorderly Conduct: Disorderly conduct crimes have been a focus of our specific/prevention patrol details this year. Complaints for these types of crime were received either through HOA programs or anonymous complaints in the Heritage Subdivision, Churchill Subdivision, Brookside, Hudson Crossing Park and the Village Green Park. Preventative efforts to include: extra patrols, plain clothes details, bicycle patrols, traffic enforcement, CPAAA patrols, video camera installations, foot patrols, tactical units and no trespass agreements have been utilized. Our preventative efforts yielded multiple arrests for various violations to include possession of cannabis, consumption of alcohol and disorderly conduct.

Traffic Unit

The mission of this specialized unit is to make the roadways of Oswego safer for the motoring public. The Oswego Police Department's Traffic Unit consists of one sergeant and three officers.

The department no longer relies solely on traffic enforcement to promote safety. The Oswego Police Department's Traffic Unit has adopted a three-prong approach to quickly and effectively reduce, eliminate and prevent traffic concerns. This three-prong approach includes:

- ❖ Education
- ❖ Engineering
- ❖ Enforcement

Field Operations Division

Education

Leading the education effort, the Traffic Unit participates in the teen driver safety program, Operation Impact. The program was developed by members of the Rotary Club of Oswego, Oswego School District and the Oswego Police Department. The program focuses on the many challenges young drivers will encounter after they obtain their driver's license. It also encourages students to make responsible decisions. Along with our department, Kendall County Sheriff's Office, Rush Copley Hospital, Kendall County Coroner's Office, Westphal Chevrolet and Feltes Insurance and Associates participate in the program. Operation Impact was implemented during the 2008 – 2009 school year and has since "impacted" over 800 drivers' education students.

Since 2005, the Oswego Police Department has partnered with the Oswego School District #308 and several local businesses to provide driver safety reminder messages on each of their respective sign marquees. The focus of each message is to address the areas of speed, seatbelt use, and driving while under the influence of alcohol. Our goal is to change people's driving behavior through the use of the safety messages, thereby reducing crashes and eliminating injuries and fatalities resulting from motor vehicle crashes.

Publishing news articles is another tool used to raise the public's awareness of safety issues. Members of the Traffic Unit research and report on various traffic issues. Previous topics include seatbelt, intersection and pedestrian crossing safety. Each of these articles was published in the Village's newsletter and on the department's website.

Engineering

The Traffic Unit works closely with our Public Works Department and the Village's engineering consultants to examine traffic safety issues. These three agencies collaborate to complete traffic studies, site inspections and the use of traffic related engineering criteria. Through these efforts, improvements have been made at several locations within the Village, which include the addition of traffic signs or warning signals, and the need for additional patrol on a roadway.

Enforcement

Many of our extra and directed patrols are a result of citizens concerns communicated to officers during a Homeowner Association (HOA) meeting. Concerns are received via a telephone call, an e-mail or through a Community Traffic Concern form, which is available through our department's website. Both extra and directed patrols provide dedicated enforcement at a specific location within the Village. Once a traffic concern is voiced by a member of the community, our department actively pursues different methods to address the concern. A Speed Monitoring Awareness Trailer (SMART) is often used to complete a traffic study. Additionally, the Citizens Assisted Radar Monitoring Program is used as a means to determine if a traffic problem exists.

The Manual on Uniform Traffic Control Devices (MUTCD) guidelines are referenced to assist with assessing an area. Our next step is to develop a game plan to address the concern, which typically includes enforcement, engineering and educational remedies. Most often, we develop extra or directed patrols as a means to address the traffic concern. In 2009, the department completed 335 hour of extra patrols and 294 hours of directed patrols. As a result, 393 ticket/warnings were issued during extra patrols and 754 ticket/warnings were issued during directed patrol efforts.

Field Operations Division

Traffic Crash Comparison Data

Through the department's three-prong approach, we continue to experience a reduction in motor vehicle crashes. In 2009, there were 682 motor vehicle crashes reported as compared to 763 in 2008. This represents an 11 percent reduction. This statistic is significant because during the last five years, the Village has grown by approximately 26 percent and the Village's surrounding communities have also experienced considerable growth. The Traffic Unit will continue to strive for the ongoing reduction of motor vehicle crashes in the Village of Oswego and the overall safety of the motoring public.

A comparison between 2008 and 2009 reflects our department issued fewer seatbelt tickets/warning and made fewer DUI arrests. In 2008, 2,814 seatbelt tickets/warnings were issued as compared to 2,136 in 2009. This represents a 24% decrease from 2008 to 2009. Additionally during 2008, 106 DUI arrests were made as compared to 77 such arrests in 2009. This reflects a 29% decrease in arrests between the two years. With a decrease in enforcement in these two categories, it might be expected to see an increase in personal injury crashes; however, we experienced a reduction in this crash category. This reduction was a relatively flat result and no real conclusion or trends can be made based on this data.

Intersection Related Crashes 2006 – 2009

Since January 1, 2006, the intersections of Rt. 34 and Rt. 30, and Rt. 34 and Douglas Road have accounted for the highest number of property damage crashes within the Village of Oswego. The intersection of Rt. 34 & Rt. 30 has experienced 81 crashes since 2006. This represents 2.8% of the total number of crashes occurring within the Oswego Village limits. During this same time, a total of 135 motor vehicle crashes have occurred at the intersection of Rt. 34 & Douglas Road. This figure represents 4.6% of the total crashes reported since 2006.

| Intersection | 2006 | 2007 | 2008 | 2009 | Total |
|----------------------------------|------|------|------|------|------------|
| Route 34 & Douglas Road | 27 | 51 | 22 | 35 | 135 |
| Route 34 & Route 30 | 18 | 28 | 22 | 13 | 81 |
| Route 34 & Orchard Road | 18 | 19 | 15 | 18 | 70 |
| Route 71 & Washington/Plainfield | 16 | 10 | 22 | 13 | 61 |
| Route 30 & 5th Street | 15 | 14 | 12 | 12 | 53 |
| Route 71 & Orchard Road | 6 | 11 | 13 | 12 | 42 |
| Route 34 & 71 | 8 | 6 | 8 | 6 | 28 |

The number of crashes which have occurred at these intersections is relative to the number of vehicles passing through them. A review of the Illinois Department of Transportation's (IDOT) website shows the average daily (24 hour) traffic volume passing through the intersection of Rt. 34 and Rt. 30 is between 25,800 to 41,700 passenger vehicles and or trucks. IDOT's average daily counts show 25,800 vehicles pass through the intersection of Rt. 34 and Douglas Road. Based on the volume, it is not surprising these intersections represent the highest frequency of crashes within the Village of Oswego.

Overall, there is good news to report regarding the frequency of crashes which have occurred within the Village of Oswego. In 2009, there were 11% fewer crashes reported as compared to the previous year. In 2008, there was a 30% reduction in the total number of injury related crashes as compared to 2007. And, there was only a 1% increase in the total number of crashes between 2007 and 2008. These results are significant because although there has been an increase in the volume of traffic throughout the Village of Oswego, there have been improvements in several vehicle crash categories.

Traffic Crashes are trending downward, which in part may be due to the Oswego Police Department's proactive approaches through education and enforcement. We are committed to maintaining partnerships with the school district, various agencies, local businesses and the residents of Oswego to create a safe environment for all motorists utilizing our roadways.

IMaGE Grant

The Department's Traffic Unit manages the Illinois Department of Transportation (IDOT) IMaGE grant, which was received by the department in 2009. The grant assists the department with promoting traffic safety. Through the grant, the department was able to hire back additional officers to identify alcohol, speed and seatbelt violations. The purpose of the grant is to reduce crashes resulting from alcohol and speed related violations and to reduce injury related crashes related to non-compliance with Illinois' passenger restraint laws. During grant details, officers initiated 1,132 traffic stops. As a result, 1,187 tickets and 130 written warnings were issued for alcohol, speed and seatbelt violations.

Canine Unit

In January 2009, the Oswego Police Department's canine, Ben, underwent surgery for lumbar/sacral stenosis and laminectomy. Ben rehabilitated for many months before returning to full duty status in July; however, to ensure Ben continued to enjoy the quality of life he deserves, he was retired from active duty in November 2009.

For the past five years, Ben, and his handler, Officer Patrick Wicyk, acted as the department's Canine Unit. During this time, he dedicated hundreds of hours to training, which included certification through the North American Police Work Dog Association (NAPWDA). Each year, the Canine Unit participated in numerous demonstrations at local schools, businesses and events, including National Night Out, Oswego's Police Explorer Program and

the Criminal Justice Class at both high schools.

In an effort to keep schools and students in a drug-free zone, the canine team participated in searches at area and neighboring schools. The team conducted numerous vehicle, building and area searches. Oftentimes the Canine Unit was successful in detecting and recovering narcotics or tracking an offender. They received numerous letters of commendation for their dedicated service. In 2008, Officer Wicyk was nominated for The Kendall County Officer of the Year. Managing the Canine Program was a significant responsibility; however, Officer Wicyk handled the program effectively and with true professionalism.

The Oswego Police Department would like to thank Officer Wicyk and Canine Ben for their dedicated service during their time as the department's Canine Unit. During his tenure, Officer Wicyk developed the Canine Program into a reputable and well respected unit. Both he and Canine Ben demonstrated their dedication to their fellow officers and to the community they served.

Community Service Officer (CSO) & Cadet Program

The Oswego Police Department Community Service Officer (CSO) / Cadet Program consists of 6 community service officers and one cadet. This program is supervised by Sergeant Scott Shockley to help aid the department in a variety of functions in turn allowing the Oswego Police Department to better allocate sworn police services. In the day and age of decreased law enforcement budgets, Community Service Officers and Cadets have worked in the Support Services, Investigations, and Field Operations Divisions to facilitate their being an asset to the communities they serve, while emphasizing the important role in achieving the Oswego Police Department's Mission.

Field Operations Division

As a supplement to the uniformed patrol officers the Community Service Officers and Cadet will provide a number of services to include:

- ❖ Foot Patrols
- ❖ Vacation Checks
- ❖ Business Checks
- ❖ Code Enforcement
- ❖ Crime Prevention Notices
- ❖ Motor Vehicle Lock-Outs
- ❖ Private Property Accidents
- ❖ Traffic Control
- ❖ Animal Complaints
- ❖ Parking Complaints
- ❖ Fingerprinting
- ❖ Child Safety Seat Installations
- ❖ Departmental Tours
- ❖ Departmental Errands

The functions clearly change day to day for the Community Service Officers and Cadet. Each Community Service Officer & Cadet can work up to twenty hours per week and be called in to work any time of the day to help with a variety of serious incidents.

In 2009, Community Service Officers and Cadets were involved in 4,997 incidents. They are an integral part of the Field Operations Division and enable the sworn staff of the department to focus their efforts on the investigation of criminal activity based on crime trends, crime prevention efforts and traffic enforcement.

Retirements

Sergeant Lawrence A. Stefanski retired from the Oswego Police Department in June of 2009 following a 24 year career. Sergeant Stefanski began his law enforcement career in 1984 with the Sandwich Police Department and was subsequently hired by the Oswego Police Department in December of 1986. Sgt. Stefanski worked in the Field Operations Division as a Patrol Officer until his promotion to Sergeant in 1990. Sergeant Stefanski is a graduate of Marmion Military Academy, St. Mary's College with a Bachelor of Arts degree in Criminal Justice and Northwestern University School of Police Staff and Command. During Sergeant Stefanski's tenure he served as a K-9 handler, field training officer, truck enforcement officer, traffic crash reconstruction specialist and honor guard member. Sergeant Stefanski was also the recipient of the Illinois Association of Chiefs of Police Valor Award in 1998 for his heroic efforts in saving two boys from drowning.

Sergeant Lawrence A. Stefanski

Sergeant Michael A. Stark retired from the Oswego Police Department in June of 2009 following a 27 year career in Law Enforcement. Sergeant Stark began his law enforcement career as a part-time police officer in Genoa until 1984 when he was hired by the Kendall County Sheriff's Office as a patrol deputy. In 1987, Sergeant Stark was hired by the Oswego Police Department to fill the position of patrol officer where he served in that capacity until his promotion to Patrol Sergeant in 1998. Sergeant Stark is a graduate of Genoa-Kingston High School, Kishwaukee Community College and Northern Illinois University where he earned his Bachelor of Arts degree. During Sergeant Stark's tenure he served as a field training officer, a master firearms instructor and was a founding member of the Kendall County Special Response Team.

Promotions

Sergeant Page Bond began her law enforcement career with the Warrenville Police Department in 1996. Sergeant Bond was hired by the Oswego Police Department in 1998 and assigned to the Field Operations Division where she was assigned to the midnight shift as a patrol officer. In 1999 Sergeant Bond was assigned to the Oswego High School as the School Resource Officer and acted in that capacity until 2003. During that time Sergeant Bond was nominated for Officer of the Year for her work in the school. In January of 2008 Sergeant Bond was reassigned to the Criminal Investigations Division as a general case assignment detective where she worked in that capacity until her promotion to Sergeant in 2009. Sergeant Bond is a graduate of Clifton Central High School and Illinois State University where she holds a Bachelor of Arts degree. Throughout Sergeant Bond's career she has attended many training classes and attained numerous certifications, among the most notable: certified arson investigator and master evidence technician. Currently, Sergeant Bond is assigned to the Field Operations Division as a shift supervisor.

Sergeant William Blessing began his law enforcement career with the Oswego Police Department in 1999 where he was assigned to the Field Operations Division as a patrol officer. Sergeant Blessing remained in the Field Operations Division until his promotion to Sergeant in June of 2009. In 2005 Sergeant Blessing was one of three department members to receive the department's Medal of Valor and the State of Illinois Medal of Honor for his bravery and courage during an investigation. Throughout Sergeant Blessing's career he has attended many training classes and attained many certifications, among the most notable: field training officer, gang officer certification and Police Bicyclist certification. Sergeant Blessing is a graduate of Naperville Central High School and attained his Bachelor of Arts Degree from National Lewis University.

Bias Based Profiling

Bias-Based Policing is the differential treatment of individuals in the context of rendering police service based solely on a suspect classification such as race, ethnic background, gender, gender identity, sexual orientation, religion, economic status, age or cultural background. Bias-based policing by any department member of the Oswego Police Department is prohibited. Our personnel must be able to articulate specific facts, circumstances and conclusions that support probable cause or reasonable suspicion for any search or seizure.

Each month a review of traffic stop data is conducted. An annual review is also completed comparing officer averages, departmental averages and the averages for each ethnic category. In 2009 the Oswego

| Year | Total Stops | Percent Minorities | Village Residents | Percent |
|------|-------------|--------------------|-------------------|---------|
| 2009 | 13,387 | 24.00% | 4,319 | 32.30% |
| 2008 | 14,483 | 21.42% | 5,029 | 34.73% |
| 2007 | 15,036 | 24.90% | 4,489 | 29.90% |
| 2006 | 15,840 | 24.00% | 4,739 | 29.90% |
| 2005 | 12,213 | 21.30% | 3,883 | 31.70% |

Police Department conducted 13,387 total traffic stops. Of the total traffic stops, 76% of the drivers were Caucasian, 24% were Minorities.

Field Operations Division

While traffic stop data is the most recognizable form of bias based profiling data it does not provide an accurate picture of the motoring public that travels through the Village of Oswego on a daily basis.

This can be seen in fact that only 43% of traffic stop contacts and traffic crash reports are residents of the 60543 zip code. We believe that our motoring public is more closely tied to the school district demographics since the students that go to the schools in our Village drive to school functions.

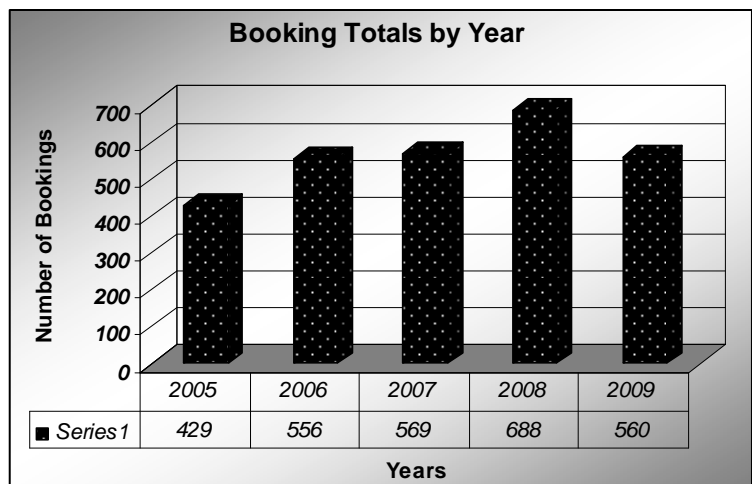

| City | Number of Stops | Percentage | Minority Base of City | Percentage of Minorities Stopped |

Crime, Arrests, Lock-up Statistics

The Holding Facility operated by the Oswego Police Department is a facility for the temporary detention of persons held for investigation pending disposition of their case by the judiciary, awaiting transfer to another institution or awaiting the posting of bond. This holding facility, which is inspected annually by the Illinois Department of Corrections, meets all of the requirements established by the Illinois Municipal Jail and Lockup Standards as well as associated National Accreditation Standards.

In 2009 the Oswego Police Department processed 560 prisoners. This is an 18.6% decrease from 2008. The decrease in total number of bookings can be attributed to three factors. First, with the 21.4% decrease in Part 1 & Part 2 crimes and a 12.5% decrease in the total number of reports taken; fewer offenders were brought into the department for processing. Second was the implementation of the new MSP New World booking software. This new program brought with it an increase in computer down time, training and processing time. Finally, electronic equipment failure forced the closing of our holding facility for the month of September. The processing of prisoners, both adult and juvenile, is extremely labor intensive. While each booking is unique in circumstance the average time it takes to process a prisoner can range from 60-90 minutes. In May of 2009 the department implemented an administrative booking fee for all prisoners brought into and processed at our facility. Since the inception of that fee the department has collected a total of \$5,920. The comparison of arrests chart below provides the total number of bookings, both adult and juvenile from 2005 through 2009.

Use of Force Comparison

In 2009, the Oswego Police Department handled 47,206 police incidents, which is reflective of incidents involving police contact with the public and effected 1,241 arrests. A total of 18 use of force reports were completed. A nationally approved review process was conducted on each use of force incident which showed that the force used was justified and within acceptable standards of policy, most specifically:

II A 2: Whenever the use of force is necessary and appropriate, members will not employ a more forceful measure unless it is believed a lower level of force would not be adequate, or such a level of force is attempted and actually found inadequate.

In 2009 there were no incidents of lethal force employed. No injuries to arrestees/offenders exceeded superficial wounds. There were 2 officer injuries reported, one being a superficial wound, the other a broken hand. These two injuries occurred during the same incident where the Officers were dragged by a car. All Use of Force tactics involved physical control methods (Contact, Control Tactics) with the most common being empty hand, wristlocks and takedowns. There was one incident involving both contact control tactics and a chemical irritant (Freeze +P). No incidents involving the use of an ASP were reported.

- 47,206 Police Incidents, .04% (18) resulted in use of force being employed
- Of the 1,241 arrests affected, 1.55% resulted in use of force or 98.45% without force
- 2 Officers were injured in the 18 use of force reports taken in 2009
- Of the 18 use of force incidents, 4 involved no substance abuse and no emotional disturbance
- The primary drug used by offenders in use of force incidents was Alcohol. In 5 of the 18 incidents, offenders were under the influence of alcohol ONLY
- A combination of alcohol and drugs represented 3 of the 18 incidents
- Of the 18 use of force incidents, 6 involved offenders who were emotionally disturbed. In 5 of those 6 incidents, the offender was emotionally disturbed and under the influence of either alcohol or drugs

The following tables detail four years of police incidents, arrests and use of force reports. Use of force incidents have remained consistently low and within one tenth of a percentage point.

In 2009 a total of 18 use of force reports were taken. 1 of the 18 reports involved three offenders

Sex Offender Registration Team

The Oswego Police Department has in place a Sex Offender Registration and Apprehension Team (SORAT) that is primarily responsible for the registration, community notifications, residential checks, employment checks, and training to all Oswego Police Department staff. The function and purpose of the team is to utilize a specific team of officers that attend additional training and conduct thorough investigations and monthly checks on all registered sex offenders within the village limits.

The SORAT team members consist of officers from day and midnight patrol teams, members of the records division, school resource officers, investigations and a sergeant which oversees the program. On a monthly basis the team completes annual renewals, new registrations and most importantly residential checks on all adult registered sex offenders. This home visit includes random spot checks to the home where the SORAT officer will review all personal information which includes employment, phone numbers, e-mails, websites, and vehicles. All status updates or changes are documented and sent to the Illinois State Police Special Operations Bureau Sex Offender Registration Unit. This critical information is made available to all law enforcement agencies. The Oswego Police Department SORAT unit conducts approximately 10-13 spot checks a

month on registered sex offenders. If a sex offender is not home at the time of the visit, we utilize a door hanger to notify the individual of our visit and this requires them to contact us as soon as they arrive home for the spot check visit.

Some other functions of the SORAT team are to make community notifications and educate the public regarding the sex offenders and the law. This would encompass the use of flyers that include a photo, name, address and websites to review additional information on the registered sex offender. Those within a 500 foot radius of the registered sex offender's residence would receive this information. In addition, the flyers are given out to the school district including the transportation center, local YMCA and Oswegoland Park District. The flyer provides two web sites that citizens can review to learn more

about the registered sex offender. The first web site is the Village of Oswego Police Department site at www.oswegopoliceil.org/forms/sexoffenders.pdf or www.isp.state.il.us/sor/sor.cfm, which is the Illinois State Police website. In addition to the websites a map for viewing the locations of all registered sex offenders is maintained for viewing in the lobby of the Oswego Police Department.

Recruitment

In accordance with Illinois state law, the Oswego Police Department offers a written examination every two years in order to establish a list of police officer candidates who may be eligible to fill positions within the police department's sworn patrol officer ranks. Since 2008 the men and women of the Oswego Police Department's recruitment team have been staffed with the responsibility of recruiting those qualified candidates. Led by Detective Sergeant Jeff Burgner, the recruitment team attended a number of collegiate career fairs, job fairs and business expo's throughout the state as well as attending other local area events. The Recruitment Teams success was evident in early 2009 with 225 eligible candidates participating in our orientation and physical agility examinations. Our current eligibility roster will expire on April 3, 2011.

The recruitment standards of the law enforcement accreditation process have embraced two very important philosophical concepts, Equal Employment Opportunities (EEO) and agency/community representative workforce composition. The department's recruitment plan is designed around the idea that the agency's sworn work force will be the most qualified candidate and representative of the community's ethnic and gender composition.

To assist the department in determining the success of our recruitment efforts and to identify strengths and weaknesses of our recruitment program each testing candidate was offered an opportunity to complete a voluntary survey. The data presented below represents the results of 187 returned surveys.

Criminal Investigations Division

The Criminal Investigations Division plays a significant and integral part in the department. It is the function of this Division to conduct and complete follow-up investigations of crimes that are committed within the Village of Oswego. In 2009 the Criminal Investigations Division was staffed with 1 criminal investigations commander, 1 detective sergeant, 4.5 full time detectives, 2 high school liaison officers, 1.5 junior high school liaisons officers, 1 narcotics officer and 1 civilian employee who acts as the evidence custodian/accreditation manager. The Criminal Investigations Division is committed to crime prevention efforts that enhance the quality of life by ensuring the safety of our Village residents.

Commission on Accreditation for Law Enforcement Agencies

The Commission on Accreditation for Law Enforcement Agencies (CALEA) was first established in 1979 when the International Association of Chiefs of Police, the National Organization of Black Law Enforcement Executives, the National Sheriff's Association and the Police Executive Research Forum united to support a nationwide initiative to provide research and technical expertise, management and administrative staff and office accommodations to develop and implement a law enforcement accreditation program. The organization's goals were to address issues of accountability, integrity, liability, performance, community partnership and to elevate law enforcement to professional standing and affirm the quality of police service. Since August of 2005 Accreditation Manager Cathy Nevara has continued to compile files containing documents verifying compliance to applicable CALEA standards. In November of 2008 the Oswego Police Department received its first award for reaccreditation. We will also be seeking reaccreditation in 2011. The Oswego Police Department has made a commitment to the Village and those it serves to maintain the highest level of professionalism.

Criminal Investigations Division

Year in Review

During 2009, the Criminal Investigations Division was not only tasked with a large number of cases to investigate, but several that were complex and time consuming. The following are a few examples of the major cases investigated during the year.

Case 2009-450 (Identity Theft)

In February of 2009 the Oswego Police Department initiated an Identity Theft case at a local retail store within the Village. During the course of the investigation the Detective assigned to the case identified separate cases with many victims. The year long investigation developed multiple suspects throughout the area including the ring leader. The criminal method of operation was discovered and through several different covert operations the offenders were all identified. The offenders were charged with the offense of Identity Theft and Burglary.

Case 2009-500 (Burglary to Vehicle)

In February 2009 the Oswego Police Department received multiple calls for vehicles having been broken into and property taken. A uniformed Patrol Officer conducted a traffic stop on a suspect later that night that was in a stolen vehicle at the time of the stop. The Officer was discovering information relative to the vehicle Burglaries when the suspect fled from the police. The suspect eventually lost control of the vehicle and finally stopped after going through the wall of a house. The suspect fled the scene on foot but was later identified through DNA and was subsequently convicted of Burglary to motor vehicle, Possession of a stolen vehicle, felony criminal damage to property and fleeing and eluding police.

Case 2009-3896 (Aggravated Battery & Armed Violence)

In November of 2009 Oswego Police were called to a residence for an Aggravated Battery that occurred between two occupants of the home. A third subject also living in the home tried to intervene and was subsequently struck in the face multiple times with a weapon. When police arrived the suspect was still present and the victim was bleeding profusely. The suspect was arrested and convicted of four counts of Aggravated Battery and one count of Armed Violence.

Case 2009-3970 (Aggravated Robbery & Aggravated Battery)

In November of 2009 two subjects were invited to the victim's home to continue partying after a social meeting. During the party the offenders overpowered the victim, subdued and bound him and then ransacked the home and took valuables. The offenders were subsequently identified and charged.

Case 2009-4463 (Homicide)

In December of 2009 the Oswego Police Department was dispatched to the area of Longbeach Road and Douglas Road for a report of gunfire. Responding Officers confirmed gunshot injuries to two people and broadcast suspect information. A vehicle was subsequently stopped and five suspects were detained. One of the gunshot victims recovered from his wounds, the other did not. Two suspects were eventually charged with Murder.

Property and Evidence Processing

The Oswego Police Department has continued to train and provide in-house evidence technicians as a specialty service to compliment our Patrol activities. Our Evidence Technicians receive the highest level of training and are able to process much of our evidence within the walls of our police station. We continue to utilize the Illinois State Police Crime Lab for in-depth processing.

Property and Evidence Management

The Evidence Custodian is responsible for all evidence and property that is held by the Oswego Police Department. All evidence is governed by strict accreditation policy and procedure that protects the integrity of all property held by this agency. Property that is brought into the Oswego Police Department includes evidence from crime scenes, property confiscated by police officers and found property. While the security of all property is paramount it is also important that every effort is made to reunite found property with the owners. Visit the Oswego Police Department web site (www.oswegopoliceil.org), click on programs and scroll down to the Unclaimed Property/Vehicle Auction link. Evidence Custodian Cathy Nevara has seen a significant increase in the amount of property received and disposed of since 2006.

The following chart represents the property control numbers from 2006 - 2009:

| | 2006 | 2007 | 2008 | 2009 |

Asset Seizure & Forfeiture

In 2009 the utilization of seized property through Asset Forfeiture pursuant to Article 36 of the Illinois Compiled Statutes and the Drug Asset Forfeiture Procedure Act was aggressively pursued. A total of 8 seizure cases were initiated in 2009 involving vehicles, computers and United States currency. While several seizure cases are still pending the Village of Oswego has benefited from this program. Since 2006 the sale of these seized items has brought in over \$22,500 in funds. The Oswego Police Department and the Kendall County State's Attorney's office also donated two seized vehicles to the Kendall County Human Services to give away to a family who was in need of a vehicle.

Preventative Measures / Efforts

Throughout 2009 the Oswego Police Department has provided a number of programs to local businesses, organizations, schools and residents within the Village of Oswego. Crime prevention is not just a police practice. Crime affects all citizens and we all share in the financial loss. The Oswego Police Department feels strongly about our community partnerships and will continue to foster crime prevention efforts.

The following crime prevention efforts were provided during 2009:

- * Child Safety Seat Program
- * Vacation Checks
- * Police Department Tours
- * Bicycle Safety
- * Child I.D. Kits
- * Character Counts
- * Sex Offender Checks
- * Operation Straight ID

School Resource Officers

The School Resource Officer (SRO) Program is a school-based, community policing program comprised of specially trained officers designed to create positive relationships between the Officer and students, staff and parents. This long standing program has been in operation for the past Seventeen (17) years with one Officer at each high school and two officers assigned to the three junior high schools in the Village of Oswego. Each SRO is actively involved in school and organizational activities. Each Officer conducts classroom presentations in a variety of subject areas, assists the school administration with the investigation of criminal activity within the school and supports the Criminal Investigations Division with crime related investigative duties that occurred outside of the school setting.

Criminal Justice Program

The Student Police Academy, which is in its 9th year of existence, is a partnership between the Oswego Police Department, Oswego School District and Waubensee Community College. Oswego High School and Oswego East High School seniors interested in a law enforcement career attend this semester long course and learn about police work. The curriculum, which is taught by the School Resource Officers, other police department personnel, Waubensee Community College instructors and outside guest instructors, covers a variety of topics to include: Criminal law, the Illinois Vehicle Code, criminal investigations, recruitment/testing procedures, report writing, evidence processing, K-9 operations, bike patrol and practical exercises.

Major Crimes Task Force

The Oswego Police Department participates in the Kendall County Major Crimes Task Force. This Task Force is comprised of police officers from seven law enforcement agencies throughout Kendall County. Oswego Police Department members include: Detective Rob Sherwood, Detective Chad Dickey and Officer Cherese Spears. The KCMCTF provides experienced and professional investigative and forensic assistance with cases such as homicide, serial sexual assaults, serial arson, major bombing, non-parental kidnapping, complex violent crimes against people and other heinous crimes.

During calendar year 2009 the KCMCTF was activated twice for call-out. Both of these call-outs were in the Village of Oswego. However, during the year the task force continued to train and sponsored an Interview and Statement Analysis class for all members as well as other investigative personnel county wide.

The KCMCTF continues to be a county-wide positive force for professional law enforcement investigations. The advantages of such an organization, especially relating to overtime savings and personnel experience, not only benefit Village taxpayers, but provide a greater potential for solving a major case.

Police Explorer Camp

The Oswego Police Department hosted its Fourth annual Police Explorer Summer Camp in June and July of 2009. This program was again sponsored by the Oswegoland Optimist Club and made available to junior high aged children within the Oswego School District 308. The curriculum for this program is taught by Oswego Police Officers and is organized by School Resource Officer Shane Yackley and Officer Cherese Spears. The curriculum included hands on experience with crime scene processing, report writing, bike safety, building searches, traffic stops and the Kendall County Special Response Team.

Police Explorer Post

In 2009 we chartered the first Oswego Police Explorers Post 3525. Seventeen applications were received and the membership was formed. The Explorers will learn about Law Enforcement, take field trips to dispatch centers and jails. The Post meets once a month and will be present at functions like PrairieFest and Fourth of July. Its purpose is to provide experiences to help young adults mature and to prepare them to become responsible adults. More information is available on the Oswego Police website at www.oswegopoliceil.org under the programs tab.

Kendall County Cooperative Police Assistance Team

The Kendall County Cooperative Police Assistance Team (CPAT) is an undercover drug task force charged with the responsibility of investigating illegal narcotics and drug sales in Kendall County. Kendall CPAT is comprised of law enforcement officers within Kendall County including one officer from the Oswego Police Department. By utilizing Kendall CPAT local Law Enforcement Agencies are able to use their resources to proactively address issues within their own communities. 2009 proved to be a busy year for Kendall CPAT with the initiation of 103 cases.

Alcohol & Tobacco Compliance Checks

The Oswego Police Department in a proactive prevention effort conducted three tobacco compliance checks and six alcohol compliance checks all aimed at businesses in the Village that sell alcohol and tobacco products. A compliance check involves sending a person under the age of 21 for alcohol products or under the age of 18 for tobacco products into the business establishment who then attempts to purchase the alcohol or tobacco product to see if the business asks the underage person for their identification. If the business does illegally sell the product to the underage person the business employee that made the sale is criminally charged. The Village of Oswego then takes administrative action against the business owner which escalates in penalty for repeat offenses all the way to suspension and possible revocation of their license to sell alcohol or tobacco. While alcohol/tobacco checks are important and measure overall compliance, we feel that educating our business community is equally as important. That is why each alcohol vendor must participate in Operation Straight ID and is informed and urged to attend training in the BASSET (Beverage Alcohol Sellers and Servers Education and Training) Program. In 2009, three tobacco compliance details were conducted. 56 checks were completed with six violations. Alcohol compliance checks conducted in 2009, over ninety checks were completed with six violations.

Award Winning Character Counts Program

The CHARACTER COUNTS program is based on six ethical values that everyone can agree on — values that are not political, religious, or culturally biased. To help facilitate the importance of good character the Oswego Police Department is a proud supporter of the Character Counts Program. The “Six Pillars of Character” – trustworthiness, respect, responsibility, fairness, caring and citizenship are taught by Oswego School District 308 teachers and School Resource Officers to all district wide children and are modeled by those in the Oswego Police Department. To recognize and enforce those “Pillars” the Oswego Police Department has partnered with the Montgomery Police Department to offer the “Award-Winning Character Counts Program”. When a person is recognized for demonstrating good character, a nomination form, which is available at various locations throughout the Village of Oswego as well as on-line (www.oswegopoliceil.org), is completed and mailed to the nominations committee. A committee of 11 people accepts the nominations year around and selects winners quarterly. The most deserving of the nominations submitted in each group and each pillar is chosen.

Oswego Police Honor Guard

The Oswego Police Honor Guard is a team of officers formed with the mission to remember and honor, and cause others to remember and honor, all those serving in law enforcement, the fire service and the United States military who have made the ultimate sacrifice in service to our communities and a grateful nation.

The Honor Guard consists of two integral units, the Drill & Ceremony Team and the Pipes & Drums Team. Each unit is comprised of volunteers who are driven by the four pillars Honor, Pride, Commitment and Precision. By wearing the Honor Guard uniform, each member accepts a commitment to excellence, and views their mission as a sacred duty. Their commitment is continually evidenced by their impeccable appearance and their dedication to precision in every activity, both public and private.

Members of the Honor Guard come from all units and sections of the Department, now also including Retired Sergeant Larry Stefanski. Sergeant Stefanski requested to remain a part of the Honor Guard after retiring from the department in May and was allowed to remain a part of this unit. They each understand the importance of their individual role as it relates to the team and the mission, and are willing to devote significant personal time and energy to perfect their skills. The Drill & Ceremony Team has regular monthly practices consisting of two hours. In addition, they attend six to seven special practices throughout the year to prepare for specific events. The Pipes & Drums Team practices four to eight hours per month as a team, and almost daily on an individual basis at home.

Honor Guard activities include the presentation, posting and retiring of the Colors, parades, holiday ceremonies and, most importantly, police honors funeral ceremonies. Down to the smallest detail, each member works diligently to ensure their uniforms and their performance are perfect for every event. The Honor Guard represents the best of the Oswego Police Department, serving as ambassadors of law enforcement, presenting a positive and professional image to the public, and constantly striving to make sure that the selfless sacrifice of our fallen heroes is never forgotten.
