MINUTES OF A COMMITTEE OF THE WHOLE MEETING OSWEGO VILLAGE PRESIDENT AND BOARD OF TRUSTEES OSWEGO VILLAGE HALL 100 PARKERS MILL, OSWEGO, ILLINOIS July 13, 2021

CALL TO ORDER

President Troy Parlier called the meeting to order at 6:02 p.m.

ROLL CALL

Board Members Physically Present: President Troy Parlier; Trustees Tom Guist, Kit Kuhrt, James Marter II, Terry Olson, Jennifer Jones Sinnott and Brian Thomas.

Staff Physically Present: Dan Di Santo, Village Administrator; Christina Burns, Asst. Village Administrator; Tina Touchette, Village Clerk; Jeff Burgner, Police Chief; Jennifer Hughes, Public Works Director; Rod Zenner, Community Development Director; Mark Horton, Finance Director; Scott McMaster, ED Director; Joe Renzetti, IG/GIS Director; Jenette Sturges, Community Engagement Coordinator, Marketing; Karl Ottosen, Village Attorney; and Douglas Dorando, Village Attorney.

PUBLIC FORUM

Public Forum was opened at 6:02 p.m.

Gerald Sternberg addressed the Board regarding infrastructure; fibrous in concrete; other reinforcement types; saving money on curbs and concrete; rental housing.

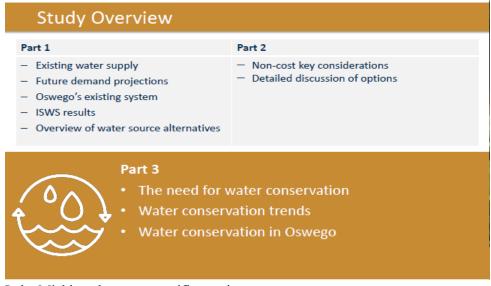

Jose Villarreal addressed the Board regarding the death of his son at the intersection of Mill Road/Lynx and Washington Street; he was a Sgt. First Class and did three tours in the Middle East; need to do something at that intersection; school is a half block away; cars are doing over 25 mph; advocate so no one else goes through this.

There was no one else who requested to speak. The public forum was closed at 6:09 p.m.

OLD BUSINESS

F.1 Update on the Alternative Water Source Evaluation – Part 3: Water Conservation

Director Hughes addressed the Board regarding alternative water source options and water conservation. The presentation will address the issue of the max day to average day ratio; the minimum requirements for the Lake Michigan permit; and introduce other conservation measures that could be considered later. Baxter & Woodman representatives, Carolyn Grieves and Lauren Schuld attended in person and presented the following:

• Lake Michigan has very specific requirements

Part 3 Overview

The Need for Water Conservation

- · Water Demand Projections
- Peak Water Usage
- IDNR Requirements

Water Conservation in Oswego

- · Current Measures
- Proposed Measures
- Additional Considerations
- Important practices to embrace

Water Conservation

Water conservation is the practice of using water effectively to reduce unnecessary usage

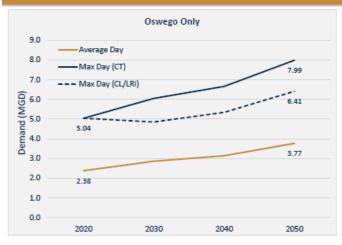

Conservation is critical to ensuring the availability of water, sustaining the natural world and supporting economic, recreation, and drinking water needs

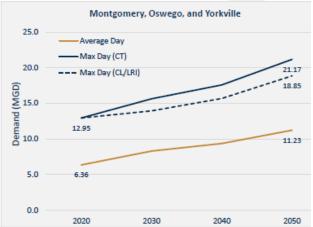

- By conserving water, would save 1.5 million gallons per day
- Would reduce infrastructure needs
- Projected water demands through 2050 with conservation plan in Oswego = 6.41 max day
- Conservation will not replace the need for a new water source

"Oswego's sandstone withdrawals are not sustainable. Future water level declines pose a risk to Oswego's sandstone water supply, and the community will eventually require a new water supply source." - ISWS

The Need for Conservation - Water Demand Projections

- Help buy time for the short-term capital improvements
- Rebates
- Outdoor water uses

The Need for Conservation - Peak Water Demands

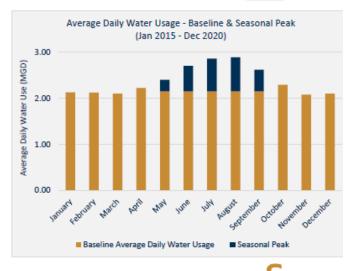

Baseline Demand

- o Low-flow plumbing
- High efficiency appliances
- o Public education

Seasonal Peak Demand

- o Irrigation requirements
- Lawn watering restrictions
- Sod/seeding restrictions

Defer short-term capital improvements needed to meet increasing water demands

• Village's ordinance will need to be updated to get Lake Michigan allocation

The Need for Water Conservation – IDNR Requirements

Con	servation Practice	Satisfied by Existing Oswego Ordinance	Performed but Not Included in Existing Oswego Ordinance
1)	Leakage monitoring and correction for storage, transmission and distribution systems.	No	Yes
2)	Metering of all new construction. When practicable and feasible, the Department recommends sub-metering in new multi-family buildings.	No	Yes (metering) No (sub-metering)
3)	Metering of existing non-metered services as part of any major remodeling.	No	Yes
4)	The adoption of ordinances requiring that new and replacement plumbing fixtures be a labeled WaterSense product, as specified by US EPA.	No	No
5)	The adoption of ordinances requiring the installation of closed system air conditioning in all new construction and in all remodeling.	No	No
6)	The adoption of ordinances requiring that all lavatories for public use in new construction or remodeling be equipped with metering or self-closing faucets.	No	No
7)	The adoption of ordinances requiring that all newly constructed or remodeled car wash installations be equipped with a water recycling system.	No	No
8)	The adoption of ordinances that restrict non-essential outside water uses to prevent excessive, wasteful use. These shall provide that unrestricted lawn sprinkling will not be allowed from May 15 through September 15 of each year by requiring, as a minimum, that lawn sprinkling shall not occur on consecutive days nor shall any lawn sprinkling occur during at least a 6 hour period in the middle of the day (i.e., 10 a.m. through 4 p.m., noon to 6 p.m.) when evapotranspiration is at its highest. New lawns (less than 3 months old) may be exempted from this provision.	Yes	N/A
	In addition, new/replacement sprinkler systems shall be equipped with a WaterSense labeled irrigation controller and shall be in compliance with Section 2.5(g) of the Illinois Plumbing License Law [225 ILCS 320].	No	No
9)	Development and implementation of public programs to encourage efficient water use.	No	No
10)	Installation of facilities and implementation of programs to reduce to a reasonable minimum, and to accurately account for, water used for navigational and discretionary diversion purposes.	N/A	N/A

• Possible to meet the 10% with small modifications

The Need for Water Conservation - IDNR Requirements

Non-revenue water is the difference between the volume of water produced and the volume of water

AWWA M36 Water Audit Software

billed to customers.

IDNR requirement less than 10%

For Water Calendar Year 2019, Oswego had approximately 11% non-revenue water

AWWA Water Balance Table

	Water Exported			Billed Water Exported	Revenue Water	
	Water Supplied	Authorized Consumption	Billed Authorized Consumption	Billed Metered Consumption		
				Billed Unmetered Consumption		
			Unbilled Authorized Consumption	Unbilled Metered Consumption		
Total				Unbilled Unmetered Consumption		
System Input			Apparent Losses	Unauthorized Consumption	Non-revenue	
				Customer Metering Inaccuracies		
					Non-revenue	
		Water Losses		Data Handling Error	Non-revenue water	
		Water Losses		Data Handling Error Leakage on Mains		
		Water Losses	Real Losses			

- Annual leak detection
- When to fill swimming pools
- Rolling current practices into future ordinance

Water Conservation in Oswego

Current Ordinance

- Even/odd lawn watering restrictions
- o Time of day lawn watering restrictions
- o No new seed/sod in July and August

Current Practices

- Leak detection
- o Swimming pool guidelines
- o Rain barrel program

Future Steps

- Adopt IDNR requirements
- o Consider additional measures

Board, staff, and Baxter & Woodman representatives' discussion focused on why Oswego's and Montgomery's gallons per day numbers are so close together; due to Boulder Hill and possibly industrial; broad requirement for public education; no specific guidelines; #10 of the IDNR requirements does not apply to Oswego; has more to do with boating; IDNR require certain conservations; sod ban in July and August; incorporating the minimum requirements; competing issues; #8 of the IDNR requirements can be handled on a case by case basis; measurable usage; vast of housing is new; irrigation systems are the biggest impact; low flow fixtures won't be a large impact. Next step is to codify the steps into code. Will be back for more presentations. There was no further discussion.

NEW BUSINESS

There was no new business.

CLOSED SESSION

A motion was made by Trustee Jones Sinnott and seconded by Trustee Kuhrt to enter into Closed Session for the purposes of discussing the following:

- Appointment, Employment, Compensation, Discipline, Performance, or Dismissal of Personnel [5 ILCS 120/2(c)(1)]
- Sale, Lease, and/or Acquisition of Property [5 ILCS 120/2(c)(5) & (6)]

Aye: Tom Guist Kit Kuhrt

James Marter II Terry Olson

Jennifer Jones Sinnott Brian Thomas

Nay: None

The motion was declared carried by a roll call vote with six (6) aye votes and zero (0) nay votes.

The Board adjourned to Closed Session at 6:28 p.m.

The Board returned to open session at 7:31 p.m. A roll call vote was taken. All remaining members still present.

ADJOURNMENT

The meeting adjourned at 7:31 p.m.
