

# Monthly Financial Report

August 31, 2023

**Village of Oswego**  
**Monthly Financial Report**  
**For the Period Ending August 31, 2023**

Fiscal year total revenues for all Funds exceed total expenditures for all Funds by \$7.95 million. This is attributed to revenue coming in as scheduled while large capital costs have not yet occurred as well as positive year to date returns in the Police Pension Fund. The following table shows the monthly revenues and expenditures recorded through July for each Fund and a comparison to the budget.

- % of budget is "n/a" for non-budgeted funds

Three Funds have greater expenditures compared to revenues. The primary source of TIF Fund revenue is property tax. The final allotment of property tax revenue has not occurred yet, which is causing a temporary deficit. The Garbage Fund bills charges every other month, on the months no billing occurs it isn't uncommon for a small deficit to occur. The Municipal Fleet Fund has a small deficit which will smooth out in future months as budgeted transfers are made into the fund.

**Revenues to date compared to Expenditures to date  
For the Month Ending August 31, 2023**

Fund	Revenues	% of Budget	Expenditures	% of Budget	Rev/Exp Difference

## Sales tax

The following graph details historical sales tax revenues based on the month the sale occurred. The current fiscal year reflects the month the revenue was received. The Village receives sales tax revenue in the third month following the point of sale. For example, the sales tax paid on purchases made in May 2023 were due to the State from retailers in June 2023. The State paid the Village its share in August 2023.

- Sales tax revenue for the month of August was (\$6,062) less than last year. Fiscal year to date sales tax revenue is (\$59,735), 2.2% less than last year. Inflation is a contributing factor to the overall decrease.

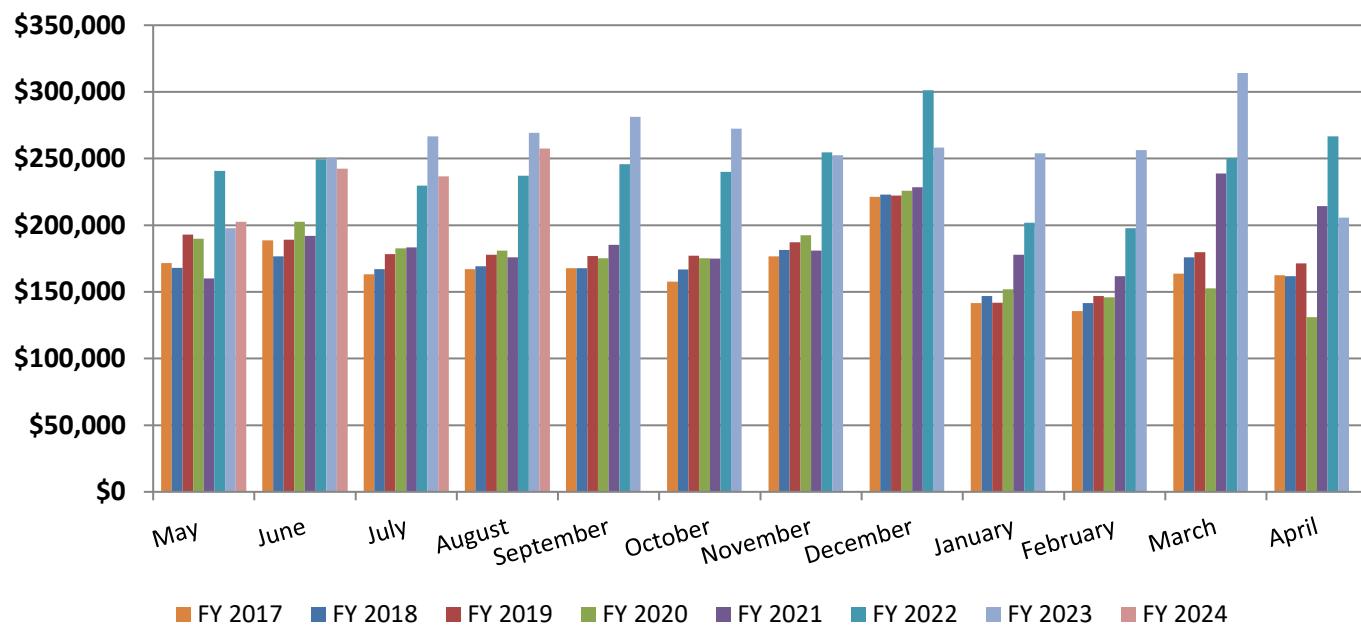

A comparison of sales tax revenue fiscal year to date through August for the previous ten years depicts an annual increasing trend. Sales tax revenue has been increasing year over year due to the new online sales tax, increase in population, and good local economy with residents and non residents spending within the community.

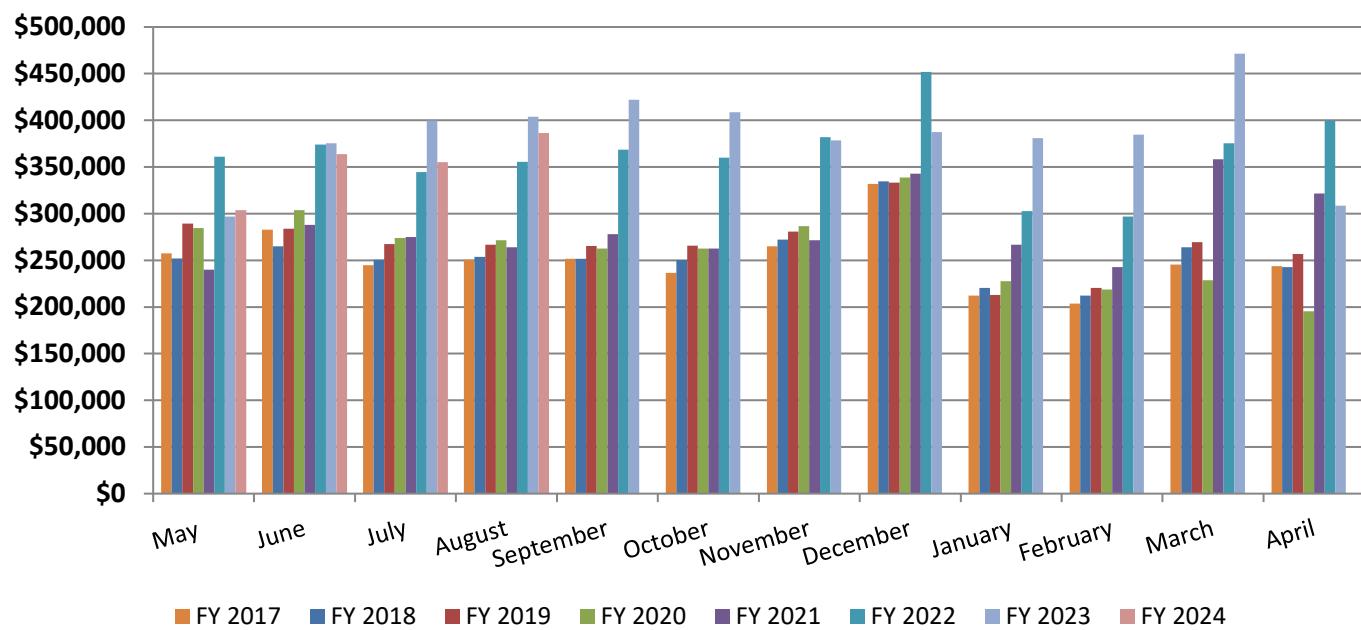

## Local Home Rule Sales Tax

Fiscal Year to date receipts were (\$111,848), 4.55%, less than last year. The following two charts display the half percent home rule sales tax allocated to the General Fund and the three quarters percent allocated to the Capital Improvement Fund. The data is demonstrated month over month, by fiscal year. Inflation is a contributing factor to the overall decrease.

### Local Sales Tax - General Fund

### Local Sales Tax - Capital Improvement Fund

**Income Tax** - The following chart compares fiscal year-to-date 2018 through 2023 actual income tax receipts compared to fiscal year-to-date receipts for FY 2024. Fiscal year 2024 receipts through August were (\$161,711), 7.2%, less than last year. Last May's receipts were an anomaly due to timing of tax payments the previous year. Excluding the anomaly month, overall receipts are up.

**Utility Taxes** - The Village collects utility taxes on the “use” of three utilities: natural gas, electricity, and telecommunications. The rates for each tax are: 3% of gross receipts for natural gas, 6.0% of gross charges for telecommunications, and a tiered kilowatt-hour use rate for electricity equivalent to 3.0% of gross charges.

- Telecommunications tax receipts continue to decline year over year. Receipts for the month of August were \$155, 0.6%, greater than last year. Year to date receipts were (\$1,958), 1.9% less than last year.
- Electricity tax receipts for the month of August were (\$5,708), 7.5%, less than last year. Year to date receipts were (\$17,773), 7.7% less than last year.
- Natural gas receipts for the month of August were \$1,509, 9.2% greater than last year due to the significant increase in gas prices. Year to date receipts were \$29,230, 36.9% greater than last year.

**Permit Fees** – The Village classifies permit revenue into several categories. The main categories are Building Permits, Sign Permits and Accessory Permits. Overall revenue for these main categories was \$366,342, 164%, greater than last year.

- Building permit revenue was \$196,780, 271%, greater than last year.
- Sign permit revenue was (\$1,862), 51.5%, less than last year.
- Accessory permit revenue was \$203,175, 176%, greater than last year.

# General Fund Department % of Expenditure Budget Spent

Expenditures are categorized for comparison purposes. The timing of actual expenditures by departments varies from year to year causing some categories to exceed the benchmark in any given month. The benchmark for July was 25% of budget. Trending for the first several months of the year can be misleading due to several annual expenses that are posted in the first month of the fiscal year.

General Fund Expenditures by Department  
Percentage of Budget Spent

As of August 31, 2023	Admin	Community Relations	Building & Permitting	Development Services	Economic Development	Finance	Information Technology	Police	Public Works	Total General Fund
Salaries/Personnel Services	29%	25%	30%	27%	31%	30%	32%	29%	31%	29%
Insurance & Benefits	30%	22%	32%	33%	26%	33%	32%	42%	30%	39%

Total Dept % spent vs. Budget	30%	25%	30%	25%	27%	32%	38%	36%	24%	32%
Spending Benchmark = 33%										

- **General Fund Summary**: overall expenditures are on target at 32% of budget. Annual liability insurance is paid from the Other Services line in May. This is causing the line to trend over budget across all departments and will smooth out as we proceed through the year.
- **Administration**: department was at 30% of budget. Contractual services trended over budget due to Utility Rebates being paid unevenly throughout the year. Operating supplies trended over budget due to an annual subscription being paid in full in May.
- **Community relations**: department was at 25% of budget. The Village's donation toward decorative bike racks was paid out of the Other Financing Uses category. This onetime expense being paid early in the year is causing the account to temporarily trend over budget.
- **Building & permitting**: department was at 30% of budget.
- **Development services**: department was at 25% of budget.
- **Economic development**: department was at 27% of budget.
- **Finance department**: department was at 32% of budget.
- **Information technology**: department was 38% of budget. Overall expenditures exceed the benchmark due to many annual subscriptions paid out early in the year. This will level out as the year proceeds.
- **Police department**: department was at 36% of budget. The Village's contribution to the Police Pension Fund is accounted for in the Insurance and Benefits line. This revenue from property tax receipts is received and paid to the fund early in the year causing the account to temporarily trend over budget. Annual dispatch costs are paid from the Professional Services line in May which causes this lend to temporarily trend over budget.
- **Public Works**: department was at 32% of budget.

The pages following this summary will provide a view of each Fund's compiled revenue and expenditure activity for the reporting month, as well as fiscal year-to-date activity, and the Funds' performance as compared to the total budget of each Fund.

# Monthly Market Review

Fixed Income | August 2023

Information provided by Illinois Trust's Investment Adviser PFM Asset Management LLC

## "Soft Landing Nirvana."

### Economic Highlights

- The Federal Reserve (Fed) increased the overnight federal funds rate by 0.25% at its July meeting, to a new target range of 5.25% to 5.50%. This comes after the central bank left rates unchanged at its June meeting. Fed Chair Jerome Powell highlighted that the Fed is no longer forecasting a U.S. recession and said that "we do have a shot" for inflation to return to target without high levels of job losses.
- On a year-over-year (YoY) basis, headline CPI rose 3.0% as of June, the lowest annual increase in over two years and another step lower from the 4.0% YoY pace in May and 6.5% in December 2022. Meanwhile the core CPI rate registered 4.8% over the year in June, a full half-percent decline from May. On a monthly basis, core CPI, which excludes food and energy, increased just 0.2% in June, marking the smallest one-month increase since August 2021. Shelter costs remain the largest contributor to the monthly headline CPI number, accounting for 70% of the increase.
- Non-farm payrolls increased by 187,000 in July, and the unemployment rate fell slightly to 3.5%. Employment continued to trend up in healthcare, social assistance, finance activities, wholesale trade and construction. Employment openings totaled 9.58 million in June, edging lower from 9.62 million in May. The labor market remains a tailwind to the U.S. economy.
- Advanced estimates for second quarter real gross domestic product (GDP) increased at an annual rate of 2.4%, compared to a 1.8% initial estimate and 2.0% in the first quarter. The results reflected increases in consumer spending, nonresidential fixed investment, state and local government spending, private inventory investment, and federal government spending that were partly offset by decreases in exports and residential fixed investment.
- Unlike manufacturing activity, which has been in contractionary territory for nine consecutive months, the services sector expanded in July for the seventh consecutive month.
- As 30-year mortgage rates have remained over 7% for two consecutive months, the divergence between existing and new home sales deepened. Current home buyers are less willing to sell their home, creating further pressure on inventory and robust increases in new home construction, resulting in existing home sales continuing its 18-month trend lower.

### Bond Markets

- U.S. Treasury yields were a tale of three curves during July as short- and long-term tenors increased 10 to 20 basis points (bps) over the month, while intermediate-term maturities (one to five years) were relatively unchanged.
- The benchmark 3-month, 2-, and 10-year U.S. Treasuries finished the month at 5.40%, 4.88%, and 3.96%, moving up 12, down 2, and up 12 bps during July, respectively.

This information is for institutional investor use only, not for further distribution to retail investors, and does not represent an offer to sell or a solicitation of an offer to buy or sell any fund or other security. Investors should consider the Trust's investment objectives, risks, charges and expenses before investing in the Trust. This and other information about the Trust is available in the Trust's current Information Statement, which should be read carefully before investing. A copy of the Trust's Information Statement may be obtained by calling 1-800-731-6870 for the IIIT Class and 1-800-731-6830 for the IPDLAF+ Class and is also available on the Trust's websites at [www.iiit.us](http://www.iiit.us) and [www.ipdlaf.org](http://www.ipdlaf.org). While both the IIIT and IPDLAF+ Classes of the Illinois Portfolio seek to maintain a stable net asset value of \$1.00 per share and the Illinois TERM series seek to achieve a net asset value of \$1.00 per share at its stated maturity, it is possible to lose money investing in the Trust. An investment in the Trust is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Shares of the Trust are distributed by PFM Fund Distributors, Inc., member Financial Industry Regulatory Authority (FINRA) ([www.finra.org](http://www.finra.org)) and Securities Investor Protection Corporation (SIPC) ([www.sipc.org](http://www.sipc.org)). PFM Fund Distributors, Inc. is an affiliate of PFM Asset Management LLC.

### Equity Markets

- As a result, U.S. Treasury index returns were positive in July, with the exception being the longest duration indices. The ICE BofA 3-month, 2-, and 10-year U.S. Treasury indices returned 0.40%, 0.28%, and -0.79%, respectively.
- Equity markets have had the best seven months to start a year since 1997, with the S&P 500 Index up 20.6% through July. Markets took comfort in the prospect of a soft landing, and the Fed nearing the final stages of the current hiking cycle. For the month, the Dow Jones Industrial average ended up about 3.4%, while the Nasdaq added 4.1%, and the S&P 500 was up 3.2%.
- International stocks (measured by the MSCI ACWI ex-U.S. index) were up 4.1% in July and 14.4% on the year. The U.S. dollar Index (DXY) retreated 1.0% during the month as "higher for longer" Fed rhetoric remained.

### PFMAM Strategy Recap

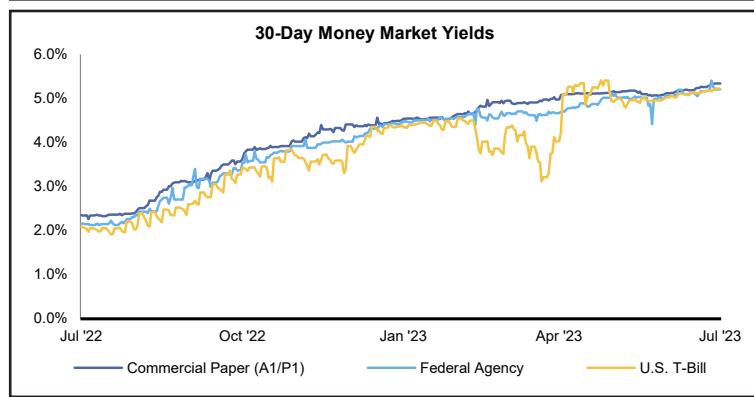

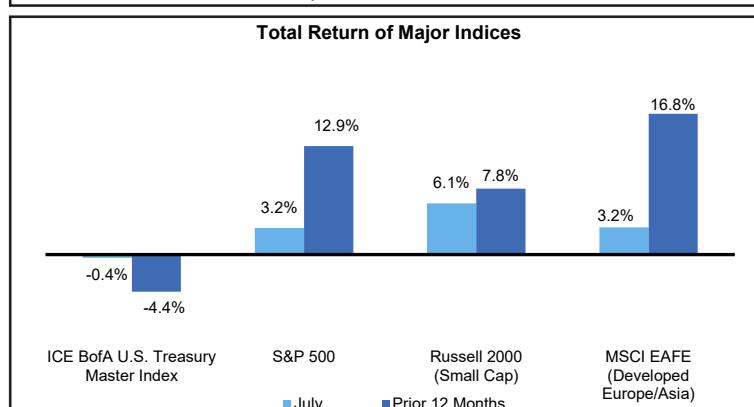

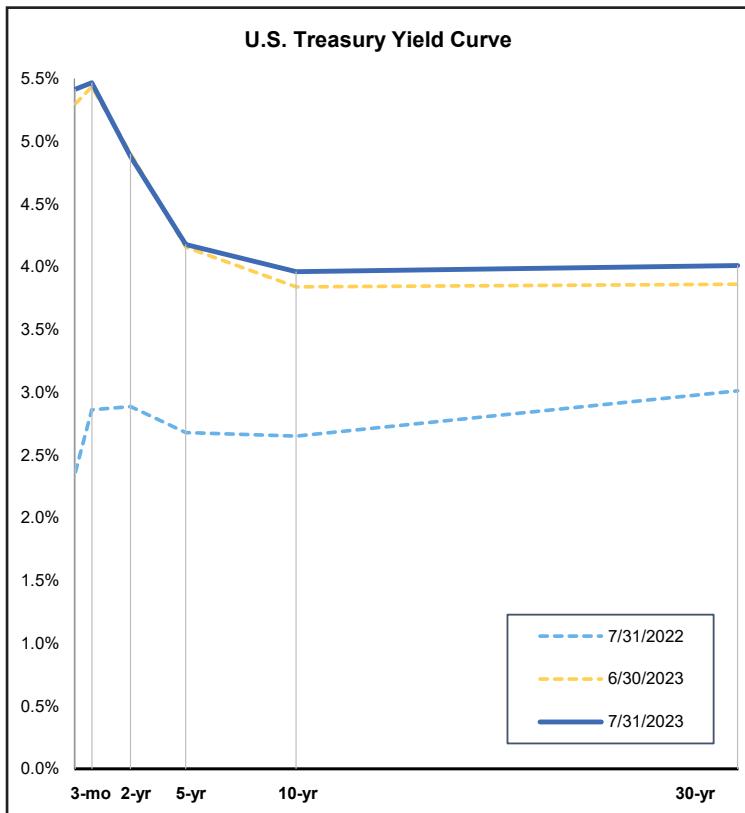

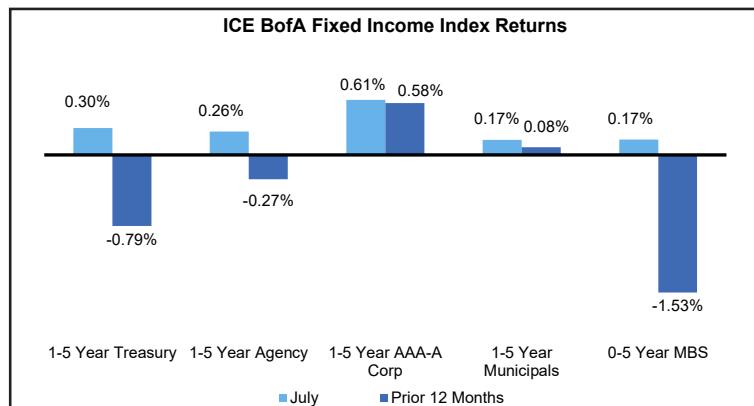

- Markets seem to be converging to PFMAM's long-standing view that the U.S. would avoid recession and short-term rates will remain elevated for the foreseeable future. As rates have continued to gravitate higher and the yield curve remains deeply inverted, we plan to maintain a modestly defensive duration bias.
- Incremental yields on agencies, supranationals, and municipals remain low, and new issue buying opportunities are sporadic and limited.
- Corporate spreads have continued to narrow from mid-March wides, ending July at their lowest levels in three months. As a result, they generated attractive excess returns for the month. We will likely maintain our current exposure as portfolios continue to benefit from incremental spread income while risks of recession have declined, and corporate fundamentals remain firm. Fitch's August 1 downgrade of the U.S. government had virtually no impact on rates, but did push spreads a touch wider.
- Asset-backed security (ABS) spreads have also steadily narrowed from recent wides, although they remain only modestly elevated compared to pre-banking crisis levels, resulting in strong excess returns for the month. We expect tighter lending standards, strong demand from investors, and less volatility in rates to be supportive of the sector over the medium term.
- Positive excess returns from mortgage-backed securities (MBS) across most collateral and coupon structures underscored the "risk-on" sentiment across investment markets in July.
- Short-term credit markets (commercial paper and certificates of deposit) remain attractive as rates are high and the money market credit curve is quite steep.
