FILING FEES - The filing fees noted are an application fee to cover the Village's administrative costs to process and review the specific requests. This fee is nonrefundable.

REVIEW FEES - The review fees listed are deposited in a non-interest-bearing account held by the Village. The review fees account will be drawn upon as expenses are incurred by the Village and their consultants during the plan review process. In the event that the review fees account is depleted, and additional expenses are incurred, the applicant will be billed accordingly for those amounts. If expenses are not paid in a timely manner, review of the project will cease until expenses are paid. If the review fees account has a balance after all reviews and billing is completed, the balance will be refunded to the applicant upon request.

Application Submission

Complete submissions are due on the first day of the month preceding the month of the Planning and Zoning Commission meeting (for example, to be scheduled for a Planning and Zoning Commission meeting in March, a completed submission is due February 1). Meeting dates can be found here: oswegoil.org/calendar. Submissions are not considered complete until all required materials, fees, and completed and signed application(s) are submitted. Incomplete or late submissions could delay the scheduling of the project.

Applicant Agreement

I verify that all information in this application is true to the best of my knowledge. I understand and accept all requirements and fees as outlined as well as any incurred review fees.

Overview of Process

Public Notice Requirements

This request requires a public hearing. Following receipt of a completed submission and scheduling for a Planning and Zoning Commission meeting, staff will provide detailed information on public notice requirements. At least 15 days before the hearing, applicants are responsible for:

- Posting a sign. The applicant shall post notice of the public hearing on the road or street frontage of the land being the subject matter of the application. The Development Services Department shall provide the sign and sign support system that must be used by the petitioner.
- Notice to Adjoining Landowners. The applicant shall notify surrounding properties using a public notice letter provided by the Village. The applicant shall send letters to properties designated on the County records to receive property tax bills for property adjacent to or within two hundred and fifty (250) feet (exclusive of public right-of-way) of the property in question of the public hearing to be conducted.

Standards for Special Use

a. The proposed special use will not endanger the health, safety, comfort, convenience and general welfare of the public.
b. The proposed special use is compatible with the character of adjacent properties and other property within the immediate vicinity of the proposed special use.
c. The proposed special use will not impede the normal and orderly development and improvement of adjacent properties and other property within the immediate vicinity of the proposed special use.
d. The proposed special use will not require utilities, access roads, drainage and/or other facilities or services to a degree disproportionate to that normally expected of permitted uses in the district, and not generate disproportionate demand for new services or facilities in a way that places an undue burden on existing development in the area.
e. The proposed special use is consistent with the intent of the Comprehensive Plan, this Ordinance, and the other land use policies of the Village.

Standards for Planned Unit Development

<p>a. The proposed planned unit development fulfills the objectives of the Comprehensive Plan and the other land use policies of the Village through an innovative and creative approach to the development of land.</p>
<p>b. The proposed planned unit development will provide walkways, driveways, streets, parking facilities, loading facilities, exterior lighting, and traffic control devices that adequately serve the uses within the development, promote improved access to public transportation, and provide for safe motor vehicle, bicycle, and pedestrian traffic to, from, and within the site.</p>
<p>c. The proposed planned unit development will provide landscaping and screening that enhances the Village’s character and livability, improves air and water quality, reduces noise, provides buffers, and facilitates transitions between different types of uses.</p>
<p>d. The proposed planned unit development will incorporate sustainable and low impact site design and development principles.</p>
<p>e. The proposed planned unit development will protect the community’s natural environment to the greatest extent practical, including existing natural features, water courses, trees, and native vegetation.</p>
<p>f. The proposed planned unit development will be provided with underground installation of utilities when feasible, including electricity, gas, water, cable, and telephone, as well as appropriate facilities for stormwater management.</p>
