## Monthly Financial Report

### For the Period Ending October 31, 2023

Fiscal year total revenues for all Funds exceed total expenditures for all Funds by \$9.2 million. This is attributed to revenue coming in as scheduled while large capital costs have not yet occurred as well as positive year to date returns in the Police Pension Fund. The following table shows the monthly revenues and expenditures recorded through October for each Fund and a comparison to the budget.

- % of budget is "n/a" for non-budgeted funds

Four Funds have greater expenditures compared to revenues. Motor Fuel Tax revenues comes in throughout the year, while expenditures occur exclusively in summer and fall. The TIF Fund, Water & Sewer Capital Fund and Municipal Fleet Funds have a budgeted deficit, so the deficit in these funds is expected.

## Sales tax

The following graph details historical sales tax revenues based on the month the sale occurred. The current fiscal year reflects the month the revenue was received. The Village receives sales tax revenue in the third month following the point of sale. For example, the sales tax paid on purchases made in Ju37 2023 were due to the State from retailers in August 2023. The State paid the Village its share in October 2023.

- Sales tax revenue for the month of October was \$8,443 less than last year. Fiscal year to date sales tax revenue is (\$62,357), 1.5% less than last year. Inflation is a contributing factor to the overall decrease, resulting in decreased spending.

A comparison of sales tax revenue fiscal year to date through October for the previous ten years depicts an annual increasing trend. Sales tax revenue has been increasing year over year due to the new online sales tax, increase in population, and good local economy with residents and non residents spending within the community. Overall sales tax revenue for the year is expected to be slightly less than last year.

### Sales Tax Fiscal Year to Date

## Local Home Rule Sales Tax

Fiscal Year to date receipts were (\$96,284), 2.5%, less than last year. The following two charts display the half percent home rule sales tax allocated to the General Fund and the three quarters percent allocated to the Capital Improvement Fund. The data is demonstrated month over month, by fiscal year. Inflation is a contributing factor to the overall decrease.

### Local Sales Tax - General Fund

### Local Sales Tax - Capital Improvement Fund

**Income Tax** - The following chart compares fiscal year-to-date 2018 through 2023 actual income tax receipts compared to fiscal year-to-date receipts for FY 2024. Fiscal year 2024 receipts through October were (\$114,939), 3.7%, less than last year. Last May's receipts were an anomaly due to timing of tax payments the previous year. Excluding the anomaly month, overall receipts are up.

### Income Tax

**Utility Taxes** - The Village collects utility taxes on the “use” of three utilities: natural gas, electricity, and telecommunications. The rates for each tax are: 3% of gross receipts for natural gas, 6.0% of gross charges for telecommunications, and a tiered kilowatt-hour use rate for electricity equivalent to 3.0% of gross charges.

- Telecommunications tax receipts continue to decline year over year. Receipts for the month of October were (\$2,855), 10.3%, less than last year. Year to date receipts were (\$3,982), 2.6% less than last year.
- Electricity tax receipts for the month of October were \$107, 0.2%, greater than last year. Year to date receipts were (\$16,736), 4.6% less than last year.
- Natural gas receipts for the month of October were (\$1,495), 8.0% less than last year. Year to date receipts were \$27,896, 24.4% greater than last year.

**Permit Fees** – The Village classifies permit revenue into several categories. The main categories are Building Permits, Sign Permits and Accessory Permits. Overall revenue for these main categories was \$490,606, 138%, greater than last year. Contractor Registration fees were discontinued in Fiscal Year 2024 which had a minor impact on overall permit fee revenue but significantly improved efficiencies.

- Building permit revenue was \$275,942, 262%, greater than last year.
- Sign permit revenue was (\$2,884), 62%, less than last year.
- Accessory permit revenue was \$266,748, 136%, greater than last year.

# General Fund Department % of Expenditure Budget Spent

Expenditures are categorized for comparison purposes. The timing of actual expenditures by departments varies from year to year causing some categories to exceed the benchmark in any given month. The benchmark for October was 50% of budget.

- **General Fund Summary:** overall expenditures meet the target of 50%.
- **Administration:** department was at 49% of budget. Contractual services trended over budget due to Utility Rebates being paid unevenly throughout the year. Other Services trended over budget due to most of the travel and training occurring in the first half of the year. Operating supplies trended over budget due to an annual subscription being paid in full in May.
- **Community relations:** department was at 40% of budget. The Village's donation toward decorative bike racks was paid out of the Other Financing Uses category. This onetime expense being paid early in the year is causing the account to temporarily trend over budget.
- **Building & permitting:** department was at 46% of budget. Other services exceed target due to departmental general insurance costs being greater than expected.
- **Development services:** department was at 41% of budget. Health insurance is trending over budget due to employee turnover with new employees taking a higher level of coverage than the employee they replaced.
- **Economic development:** department was at 42% of budget. Other Services trended over budget due to most of travel and training occurring in the first half of the year.
- **Finance department:** department was at 48% of budget. Other Services trended over budget due to most of travel and training occurring in the first half of the year.
- **Information technology:** department was 50% of budget. Contractual Services exceed the benchmark due to many annual subscriptions paid out early in the year. This will level out as the year proceeds.
- **Police department:** department was at 50% of budget. The Village's contribution to the Police Pension Fund is accounted for in the Insurance and Benefits line. This revenue from property tax receipts is received and paid to the fund early in the year causing the account to temporarily trend over budget. Annual dispatch costs are paid from the Professional Services line in May which causes this lend to temporarily trend over budget.
- **Public Works:** department was at 38% of budget. Mosquito Control for the year was paid out in late fall causing the Other Financing Uses category to temporarily trend over budget.

The pages following this summary will provide a view of each Fund's compiled revenue and expenditure activity for the reporting month, as well as fiscal year-to-date activity, and the Funds' performance as compared to the total budget of each Fund.

“The 80’s are calling, they want their high rates back.”

## Economic Highlights

- ▶ At its September meeting, the Federal Reserve (Fed) kept the overnight target rate unchanged in its current range of 5.25% to 5.50%. They did, however, signal that interest rates may still need to be a bit higher to counteract inflationary pressures, as reflected by the half-percent increase in the year-end 2024 and 2025 median projections for overnight rates compared to June estimates. Fed Chair Jerome Powell noted that the Fed can now “proceed carefully” thanks to its aggressive tightening early in this cycle.
- ▶ Inflation, as measured by CPI, posted a second straight significant monthly increase in September (+0.4%). This was in large part due to an increase in both shelter costs and gasoline prices. Overall, the CPI increased 3.7% from a year ago, holding at higher levels than June and July. However, core inflation, excluding food and energy prices, continue to moderate, rising 4.1% year-over-year (YoY), down from 4.3% in August and 4.7% in July. The most recent core inflation reading was the weakest since September 2021.
- ▶ The employment report for September was surprisingly strong, with the U.S. economy adding 336,000 new jobs. Job gains occurred in leisure and hospitality; government; health care; professional and technical services; and social assistance. The unemployment rate held at 3.8% as the labor force continued to grow. Average hourly earnings, an important gauge of wages, rose 4.2% YoY, the slowest pace in two years.
- ▶ The final estimate for second quarter gross domestic product was unchanged at 2.1%. Some concerns have emerged as consumer spending advanced at only half the pace as previously reported, largely due to weaker services outlays. Stronger business fixed investment helped offset the slowdown in consumer spending, however; all eyes are on the ability of the consumer to support the desired economic soft landing.

## Bond Markets

- ▶ The 10-year U.S. Treasury yield closed September above 4.5% for the first time since October 2007. Sticky inflation, a “higher-for-longer” market consensus, increased Treasury borrowing, and reduced holdings by China and Japan weighed on the long end of the curve.
- ▶ The Treasury yield curve remained inverted despite the notable increase in the 10-year yield in the third quarter. But, the yield curve inversion became far less severe, falling from a peak of -108 basis points (bps) in early July to -47 bps by quarter end.
- ▶ Tracking Treasury yields higher, 30-year mortgage rates climbed further, closing the month at a new cycle high of 7.74%, further impairing home affordability.
- ▶ The benchmark 3-month, 2- and 10-year U.S. Treasuries finished the month at 5.45%, 5.05% and 4.57%, moving up 0, 18 and 46 bps, respectively, during September.

- ▶ As a result of higher yields and a steeper curve over the month, longer duration strategies underperformed. The ICE BofA 3-month, 2- and 10-year U.S. Treasury indices returned +0.46%, -0.08% and -3.49%, respectively, for the month.

## Equity Markets

- ▶ The S&P 500 dropped 4.8% in September, bringing year-to-date (YTD) total returns down, but still firmly positive at 13.1%. Stocks were negatively impacted by rising long-term rates and growing concern about political and geopolitical risks. For the month, the Dow Jones Industrial Average declined 3.4% and the Nasdaq declined 5.8%. However, the Nasdaq ended the month up 27% YTD.
- ▶ International stocks, measured by the MSCI ACWI ex-U.S. index, fell -3.1% in September, but are up 5.8% YTD.
- ▶ The U.S. dollar Index (DXY), which measures the greenback against six major peers, rose 2.5% in September primarily on higher Treasury bond yields.

## PFMAM Strategy Recap

- ▶ Markets continue to recalibrate expectations for Fed policy with the consensus coalescing around rates being “higher for longer.” At the same time, the inverted yield curve makes duration extension less attractive, so we plan to maintain a modestly defensive duration bias relative to benchmarks.
- ▶ Spreads on agencies, supranationals, and municipals remain tight amid sparse issuance. Since new attractive buying opportunities have been limited, we will likely continue to lighten allocations in these sectors.
- ▶ Corporates generated slightly negative excess returns in September as spreads widened modestly, closing the month near 12-month averages. Income earning capacity, including reasonable credit spreads, will be a significant contributor to returns going forward. Good fundamentals, modestly attractive spreads, and a positive economic outlook also make credit attractive.
- ▶ Asset-backed security (ABS) spreads were relatively stable in September and as a result were a top-of-class performer in terms of positive excess returns for the month. Although consumer credit fundamentals appear to be weakening, senior tranche ABS benefit from strong credit enhancements that support AAA ratings and continued collateral performance, as expected.
- ▶ Mortgage-backed securities (MBS) performance for the month diverged as agency-backed commercial MBS generated positive excess returns while the more volatile pass-through sector underperformed badly. We view the general weakening in spreads as a decent opportunity to add modestly to allocations.
- ▶ Short-term credit, including commercial paper and bank CDs, offer the highest yields in over 15 years, and provide excellent earnings opportunities for cash investors.
